H. Danforth Ross, M.D., term expires December 31, 1963

ANNUAL REPORT

of the Selectmen, Assessors and Overseers of the Poor

January 1 to December 31, 1963

Citizens of Sanford:

We, your elected Selectmen, Assessors and Overseers of the Poor, submit the following report showing all receipts and expenditures for the various activities of your town government, as voted and authorized by your Representative Town Meeting Members.

It gives us a great deal of satisfaction that two more sections of Main Street have been reconstructed this year. One of the most important sections was in the Central Square area, and this reconstruction eliminated a very rough section which had caused much unfavorable comment. The section from Winter Street to Charles Street is also now complete and is another step forward in our Main Street project.

The Municipal Airport Program is now complete and has received many complimentary remarks from those using this facility. Two "T" hangars have been built at the Airport and more are expected to be constructed, thus encouraging all who are interested in seeing the Airport become more active.

The professional appraisal of all property for tax purposes is now complete, and while some of the taxpayers were not too happy with their tax bills, we do feel that the general public is satisfied that the valuations are fair and equitable.

Welfare costs were kept at a minimum this past year, and the overall picture showed a substantial balance in the combination of the four categories of relief. The Board will endeavor to maintain a watchful attitude and keep spending at a minimum.

All municipal departments have given us the best of cooperation, and to them we extend our very sincere thanks.

It was with the deepest regret that we accepted the resignation of Miss Margaret M. Shaw, who has been our town auditor since 1930. Her efficiency and pleasant manner will long be remembered by all of us. Miss Shaw was held in the highest esteem by the personnel with whom she worked, and will be greatly missed by them. We all wish her continued health and happiness, and success in her future endeavors.

Respectfully submitted,

NORMAN S. HALL

THEODORE C. GAUTHIER

HENRY J. DESMARAIS

REPORT OF THE BOARD OF ENGINEERS OF
SANFORD FIRE DEPARTMENT

To Board of Selectmen:

The Board of Engineers of the Sanford Fire Department submit the following report for the year of 1963.

The fire fighting apparatus is in good working condition, with the exception of Engine #4. It is being replaced by a Maxim Motor Co. 500 gallon pump with a 500 gallon tank capacity. The commercial chassis is being purchased from local Dodge dealer, Mr. Ed. Ballenger, who submitted the lowest bid. This new piece of fire apparatus is being delivered in fall of 1964.

The aerial ladder truck has been taken back to the factory for a routine check, and necessary adjustments were made.

The fire alarm system is in good condition and replacement of old alarm boxes has been made, and will continue to be replaced whenever necessary.

Thirteen aluminum combination windows were installed on the windows of the fire station.

The ambulance is in the best of condition. The purchase of a Gran portable stretcher has been a big help to the ambulance crew. The ambulance has responded to 259 calls and has earned \$2,754.45.

Nearly all of the repair and maintenance of the fire station is done by the permanent firefighters.

We would like to thank the Board of Selectmen—Marion, Lucienne and Anita—Springvale Fire Dept.—Police and Highway Departments—Water District—Garage Crew and each and every one who contributed their help during the year of 1963.

GERARD MARTEL, Chief

R. BARD ESTABROOK, Asst.

PROTECTION OF PERSONS AND PROPERTY**REPORT OF THE BOARD OF ENGINEERS OF
THE SPRINGVALE FIRE DEPARTMENT**

December 31, 1963

To the Honorable Selectmen
Town of Sanford, Maine

Dear Sirs:

The Board of Engineers of the Springvale Fire Department submit the following report for the year ending December 31, 1963.

The Springvale Fire Station and fire fighting equipment are in very good condition except that we still have our old ladder truck (1926). The new aerial platform (Snorkel) truck that should have been delivered in July has been delayed and we expect it to be delivered in January 1964.

The permanent men and Engineers have made 810 building inspections in schools, churches, business places and shoe factories this year.

We would like to thank the Selectmen and their clerks, the Sanford Fire Department, Police and Highway Departments, Call and Permanent Firemen, Ladies Auxiliary, Springvale Fire Reserves and the Civil Defense for their cooperation in the past year.

Respectfully submitted,

ELMORE L. HANSCOM, Chief

WALTER C. HUNTRESS, Asst.

KEITH R. GOODRICH, Asst.

PROTECTION OF PERSONS AND PROPERTY**REPORT OF THE
SANFORD POLICE DEPARTMENT**

January 15/16, 1964

Accident Records Report for year of 1963, January to December

This report is compiled from accident records in Sanford, Me., involving property damage of \$100.00 or more and/or personal injury. Minor accidents with less than \$100.00 damage are also included.

The Sanford Police this year investigated two hundred and forty-three accidents of the one hundred dollars or more damage class per accident. The combined damage of all accidents in this category totaled \$96,093.00.

There were three hundred and eighty-eight accidents of the minor or less than one hundred dollars damage class. Many of these being investigated at the scene or reported at the station. The combined damage of all accidents in this category totaled \$19,400.00. The fifty dollar average figure was used per accident to reach the overall damage.

By totaling the two figures of major and minor accidents we find that Sanford, Maine, suffered the sum total of one hundred fifteen thousand, four hundred ninety-three dollars in car accidents in nineteen sixty-three.

According to the police department records, we find the months of January, February, March, September, November and December as being the months with the highest number of accidents. The lowest number of accidents happened during the months of April, May, June, July, August and October. The total for the six high months was four hundred and fourteen accidents. The six low months total was two hundred and seventeen accidents. February had the highest number of accidents with eighty-six, October being the lowest month for accidents with twenty-seven for the month.

The following is a breakdown of ages of operators involved in traffic accidents:

Ages 20 to 30 involved in most accidents for six of the twelve month period and also being tied for two months with the age group of between 30 to 50. Otherwise the 30 to 50 age group seemed to be fairly evenly devided. The age group being second highest in traffic accidents were operators of over 50 years old. The records show that operators under

PROTECTION OF PERSONS AND PROPERTY

twenty years old were in the least of accidents. This is due partly to the fact that there are more operators in Sanford in the older age groups.

This report also shows on what days of the week our accidents are happening:

Saturday was the day of the most number of accident	49
Tuesday was next to the highest with	42
Sunday, which may seem unusual, showed accidents of ...	39
Friday, which could be one of the highest but isn't	34
Wednesday, close to Friday	32
Thursday, low day	24
Monday, the lowest.....and apparently the safest.....	23

The following records show some of the prime causes of these accidents:

Failing to yield right of way to other car	70
Skidded or lost control of car	53
Following other car too close	19
Hitting a parked car due to inattention or not enough room in road	23
Exceeding the posted speed limit	10
Operating under influence of liquor, involved in accident	9
Operating on the wrong side of road	8
Blinded by sun or headlights from other car	6
Operating with no brakes on the car	1

Arrests as a result of investigation of traffic accidents, almost 11%.

The town of Sanford had five pedestrians injured in traffic for the year 1963, all involving children running in front of a moving car, thus not giving the operator much of a warning. Some of these were caused by the child darting out between two parked cars. Two accidents involved a child on his bicycle not riding according to the laws of the road.

Four other children were slightly injured when a sideboard of a truck gave way. The records show that Sanford had one fatality with that being a youngster sliding from a side street into traffic on another street.

There were numerous other causes and in most cases perhaps a little more thought and courtesy on the part of the operator could have prevented many of these accidents. The public needs to exercise extreme caution when opening a car door into traffic, as several accidents were recorded in this way. This practice could cause a death or possibly cripple a person for life.

REPORT OF

CIVIL DEFENSE AND PUBLIC SAFETY

December 4th, 1963

To the Honorable Board of Selectmen:

Gentlemen:

Another year has passed, and through every effort we have tried to make it successful.

The public has become closer to Civil Defense and played a very big part in it this year.

We feel that this past year has been a great gain to Sanford, with purchases made from Government Surplus. This includes thirteen (13) complete shelters in the Town of Sanford. This has been a great saving to the Town, also, a great deal of preparation toward a nuclear war if we are ever confronted with such a disaster. We are still very proud of our Mass Feeding Unit, and feel that it plays a very important part in the safety of the Town of Sanford and York County. Also, we are proud to relate that we were the first in the State of Maine to receive a citation for our duties at the Biddeford fires. A beautiful plaque was presented to our Civil Defense Group for free services at the Grafton and Diamond Match fires.

We did not have a Civil Defense Day this year due to the fact that we were busy with being alert to searches and fires. The new year of 1964 will be planned in advance for the biggest Civil Defense Day we have ever had.

Our Sanford Civil Defense Police are well-trained for any emergency that might arise. We, also, have well-trained radio operators.

I wish to take this time to thank all those persons who have aided me in my attempt to make "Civil Defense and Public Safety" program workable since my appointment as Director.

Respectfully submitted,

RALPH MARSHALL
Director

HEALTH AND SANITATION**REPORT OF THE
HEALTH OFFICER FOR THE YEAR 1963**

February 6, 1964

To the Selectmen, Town of Sanford, Maine

Gentlemen:

As Health Officer for the Town of Sanford for the year of 1963, I herewith respectfully submit a report of health activities during the current year.

Medical and surgical care was given to welfare cases and cared for at the Town Infirmary and surrounding nursing homes. Office and house visits were rendered to patients needing care and treatment.

As required by State Law a free clinic was held at the Sanford Town Hall. This was well attended by Mrs. I. McCann, Town Welfare Nurse, and Community Health Nurses assisted.

As in previous years all public and parochial schools were visited. School children with consent of parents were vaccinated against smallpox and inoculated against diphtheria and tetanus. Initial doses were begun when needed—boosters were given as requested.

All clinics were under the supervision of the School and Community Health Association nurses. As in the past they continue to be good organizers and working with them has been a pleasure.

Sabin oral polio clinics were postponed until 1964. This was done because of the number of influenza cases prevalent during the late Fall.

Infringements of plumbing and sanitary laws were investigated as received and corrected where necessary.

Contagious diseases were dealt with as required by law.

Respectfully submitted,

A. S. LINCOURT, M. D.
Health Officer

HEALTH AND SANITATION

REPORT OF THE COMMUNITY HEALTH ASSOCIATION, INC. — 1963

To the Citizens of Sanford:

1. The Public Health program executed by the nursing staff of the Community Health Association, Inc., under the jurisdiction of its Officers and Board of Directors, approved by the Maine State Department of Health, and recognized as satisfactory by the United States Public Health Service, has as its major goal the reduction of incidence of disease.

This may be divided into three groups—namely:

- a. Bedside nursing care under the direction of the patient's physician.
 - b. Health supervision and education.
 - c. Preparing and assisting at local clinics.
2. A detailed report of visits can never be made to the citizens for much of the work is confidential between the doctor, patient, and nurse.
 3. Financial support is received from a town appropriation, gifts, and fees from patient care. Again this year, there has been an overly large proportion of bedside nursing gratis.

Services were available to all citizens of Sanford and Springvale.

4. Two full-time registered professional nurses are employed.

The nurses attend the monthly York County Public Health Nurses' meetings where lectures are delivered by medical specialists, or advanced procedures in nursing in this field are demonstrated by film or a Public Health educator.

In April, 1963, a lecture was attended on Mental Health, delivered by Miss Elsie Maynard, Head Almoner of Brighton General Hospital, Sussex, England, who was touring the United States under the Winifred Cullis Lecture Fellowship.

On October 7-8, 1963, the Maine State Nurses Association held its 49th annual convention in Portland, Maine. Both Community Health Association nurses were in attendance as delegates from the Western District of M.S.N.A.

5. The following is a summary of the number and types of visits made:

HEALTH AND SANITATION

- 407 Office calls and care to acutely ill patients.
- 841 Home visits and care to chronically ill patients.
- 82 Home visits to patients, not admitted, who had treatments.

Health Supervision and Educational Home Visits

- 131 Visits to cancer patients.
- 310 Visits to cardiac patients.
- 225 Visits to crippled individuals.
- 176 Visits to tuberculosis patients, suspects, and contacts.
- 185 Visits to diabetic patients.
- 872 Visits to infants, pre-school, and school children.
- 265 Miscellaneous calls.
- 160 Absent visits.

Clinics

- 11 Chest clinics—141 persons x-rayed. The x-rays were taken at the Goodall Hospital and interpreted by the Tuberculosis Control Department of the State of Maine.
- 10 Foot clinics—78 attended. Dr. Henry P. Landers, D.S.C., in charge, assisted by a Community Health nurse. This service is available to any child in the Towns of Sanford and Springvale. A foot, limb, and posture examination is given and if necessary, a prescription for the proper fitting and balancing of shoes for correction. There is a small charge of 75¢ to cover expenses. Appointments may be made.
- 10 Immunization clinics were held at Goodall Hall. Walter R. Peterlein, M.D., in charge, assisted by the nurses and volunteer helpers from the Board of Directors of the Association administered:
 - 393 Salk Poliomyelitis vaccines.
 - 211 Diphtheria, pertussis, and tetanus injections.
 - 59 Small Pox vaccinations.
- 9 Immunization clinics were held in the Parochial schools—three in each. A. S. Lincourt, M.D., in charge, assisted by the nurses, administered:
 - 219 Salk Poliomyelitis vaccines.
 - 52 Diphtheria, and tetanus injections.
 - 85 Small Pox vaccinations.

Again, it was our pleasure to assist Armand S. Lincourt, M.D., Health Officer, with the yearly free immunization clinic, sponsored by the Town of Sanford.

HEALTH AND SANITATION

Refraction of eyes and, if necessary, glasses for several children, were provided by a Civic Organization through our instigation.

Several referrals from this office to the Maine State Health and Welfare Department's Crippled Children Services, also, appointments with the Cancer, Cardiac, and Tuberculosis clinics, Maine Medical Center, Portland, Maine, were accomplished for patients.

The Sanford-Springvale Health Camp at Highpine, Maine, was in session for a seven-week period, under the able direction of Mrs. Helen V. Perkins, R.N. 31 local children were in attendance.

A Thanksgiving basket was given to a worthy family through a friend of Community Health.

At Christmas gifts were prepared and packed by our Social Welfare Committee for our current patients.

A friend, and a Civic Organization made it possible for 21 children to receive clothing. Toys from the Kittery Naval Shipyard were distributed to 21 children. Sixteen children attended a Service Club party where each received a new pair of shoes. Two Christmas baskets were given to families from a local chain store.

Immeasurable credit and gratitude is due a committee from this organization who have worked so arduously to promote the Child and Family Guidance program in Sanford.

We thank the President and the Directors for their help in our endeavor to carry on a cooperative program for the benefit of the community.

Respectfully submitted,

Pauline D. MacLeod, R. N.

Supervisor of Nursing Services
Community Health Association, Inc.

RECREATION**REPORT OF THE
PARK COMMISSION ACTIVITIES — 1963**

As usual, the year 1963 was a busy one in the activities of the Park Department. Again, a balance was shown in our accounts at the end of December 1963.

The Parks and Playgrounds program was a success. Our yearly totals in numbers of children taking advantage of the playground programs were: Carpentier Playground 4075; Elizabeth Benton Playground 6793; and the Springvale Playground a total of 2973, making a grand total of 13,841 children making use of the playgrounds.

The tennis program, which was initiated the past year, was again a success with more and more children becoming interested in tennis. We hope to continue this program as a permanent part of the summer recreation offered to our children.

Arts and crafts were also offered as part of the playground program under the direction of the assistants working on the grounds.

No new equipment was added to the playgrounds this year since the Commissioners were interested in keeping down the cost of the yearly programs.

The Gowen Park area was equipped with some new picnic tables and fireplaces for the comfort of our citizens.

The skating rink area was again used but due to poor weather, the skating season was not considered successful.

Our athletic activities which are carried out at Goodall Park were successful and all boys who were interested had a chance to compete in the baseball program. This included the baseball leagues from Midget League to Junior Legion League.

Money has been set aside for repairs to the fences at Goodall Park before the next spring baseball season starts.

The tree spray program was completed with an added spray later in the summer. The commissioners feel this area of work is imperative to the care of trees in the Town of Sanford.

RECREATION

A total of 116 trees were bought and sold at cost to residents of Sanford for beautification of property. These trees are sold to residents every spring. Anyone may contact the Department and order same.

We again hope the citizens of Sanford will take advantage of their privileges and take an interest in Park Department activities. The Department is extremely interested in your suggestions which may better the program now presented.

The Department will continue to serve the people of Sanford in the best possible way.

JOSEPH DESCHENES, Chairman

ROLAND LANGLAIS

CHARLES BLOUIN

Mr. M. A. Napolitano, State Auditor
State Department of Audit
Augusta, Maine

Dear Mr. Napolitano:

I am enclosing a certified copy of my report of the Audit of the Town of Sanford, Maine for the Year ending December 31, 1963.

This report is on file in the Office of the Selectmen of the Town of Sanford, Maine.

Respectfully submitted,

MARGARET M. SHAW

Auditor

Mr. Norman S. Hall, Chairman
Selectmen, Assessors and Overseers of the Poor
Sanford, Maine

Dear Mr. Hall:

In accordance with Municipal accounting and auditing practices described in Chapters 311 and 405, Public Laws of 1957 and at your request, the records of the Town of Sanford have been audited for the Year ending December 31, 1963 through the weekly warrants and the monthly Income trial balances.

The General Fund Cash Balance and the Special Account Balance as reported in the Balance Sheet as of December 31, 1963 were reconciled periodically with the bank statements.

I herewith enclose my report of this audit with supporting schedules.

I hereby certify that the records of the Town Treasurer, Selectmen, Superintendent of Schools and Town Clerk and Tax Collector of the Town of Sanford have been audited for the Year ending December 31, 1963 and found to be correct.

Respectfully submitted,

MARGARET M. SHAW

Auditor

Office Hours

8:30 to 12:00 noon 1:00 to 5:00 P. M.

SCHOOL SIGNALS

The "No School Signal" will be sounded only on those occasions when concern for the pupils makes it imperative.

Parents are urged to keep their children at home, even when school is in session, if road conditions in their locality are particularly hazardous.

Information on the "No School Signal" will be given over the following radio stations: Station WWNH, Rochester, N. H., and Station WSME Sanford.

The "No School Signal" for the High School is sounded at 6:45 A. M.

On occasions when the "No School Signal" is sounded at 7:45 A. M., there will be no school in the elementary schools for the entire day. The reason for this is the impossibility of securing buses and setting up bus routes during the noon hour. The signal for the afternoon session is sounded at 12:15 P. M.

EDUCATION

ANNUAL REPORT OF THE
SUPERINTENDENT OF SCHOOLS

Quality schools at reasonable costs within the town's ability to support continues to be the guiding concept of your school department.

The degree of quality in our schools has been demonstrated over the past years in many ways—conduct and achievement of our students, calibre of the teaching staff, accreditation of Sanford High School, low drop-out rate, high per cent of graduates successfully pursuing further education and training, high standardized test results, and public interest and support.

The annual reports of Dr. Page, Mr. Whitehouse, and Mr. Kimball which follow my report will further bring out elements of quality in the Sanford Schools.

To support the fact that we have purchased quality schools at reasonable costs I submit the following. Table I shows the exact relationship of school appropriation to total town appropriation.

TABLE #1

Sanford School Department

	Total Town Appropri- ation	Approp.. for Operation of Schools	Percent of Total Town Approp. for School Operation
1963	\$1,518,305.99	\$605,252.	39.8%
1962	1,377,712.50	605,252.	43.9%
1961	1,415,132.37	605,252.	42.7%
1960	1,390,296.25	573,606.	41.2%
1959	1,176,541.80	520,073.	44.4%
1958	1,154,886.62	460,619.	39.8%

The State of Maine average ratio for the year 1962 was 56%, with some towns exceeding 80%.

The increase in school costs is primarily attributable to increases in enrollment. The factors of monetary inflation, salary competition for teachers, and a program of maintenance and repairs to buildings also have an impact on costs. The following are resident enrollment figures:

1963	—	2536	(+139)
1962	—	2397	(+ 40)
1961	—	2357	(+175)

EDUCATION

1960	—	2182	(+146)
1959	—	2038	(+ 59)
1958	—	1977	

Over this five year period we have had an increase of 559 resident pupils, a 28 % increase. The increase in the town appropriation for schools was \$144,633 or 31 %. It was necessary during this period of time to adjust teachers' salaries. In 1958 it was possible to recruit teachers with a Bachelors degree and no teaching experience for \$3400. This year it was necessary to pay \$4100 for the same qualifications, an increase of 20 % overall, or 4 % per year.

Since 1958 we have been engaged in an extensive program of maintenance and repair to all school buildings. To neglect to properly care for school properties valued in excess of 3 million dollars would be the poorest kind of "economy". This work has been done in large part by our regular custodians, supervised by Roland Carrier, Head Custodian, during the summer vacation, thereby keeping costs at a minimum.

Finally, it must be acknowledged that excellent service at very reasonable costs are provided by Mrs. Goodwin and her cafeteria workers, and by York Utilities Company, which provides our school transportation.

A cursory examination of the above data might lead one to conclude that we have not spent enough to give our students quality education. The following figures make plain what has actually happened.

Year	Budget per Pupil	Appropriation per Pupil
1963	\$354.	\$238.
1962	347.	252.
1961	331.	256.
1960	340.	262.

Increased State Aid, Federal Aid, and higher tuition rates at Sanford High, have permitted a higher budget per pupil, while allowing a decrease in appropriation per pupil. In effect we have been able to purchase better education at a decreasing cost per pupil.

Assuming that the citizens of Sanford desire to continue maintaining quality schools at reasonable costs in the coming years, two areas of concern should be brought out at this time—first, the continued increase in future operational budgets, and secondly, the necessity of adequately compensating teachers.

Total school expenditures for 1964 have been set at \$963,-410. which will permit us to maintain existing quality. Pro-

EDUCATION

jecting to the year 1965, it appears highly probable that total operational costs will exceed one million dollars. The impact of this figure, I suspect, will result in possible emotional reactions. This increase and this million dollar cost, however, must be realistically faced if we desire to give our young people the kind and quality of education they need and must have to pursue successful lives. I have again reviewed with the professional staff and the school committee our total school program and I find no "frills" or activities which could, or should, be eliminated in the interests of economy.

The chronic shortage of qualified teachers in Maine, increasing enrollments here in Sanford, plus our heavy reliance upon the local property tax for the support of education compounds the problem of adequately compensating our teachers. The salary we pay a teacher is certainly an important factor in the total compensation a teacher receives. It is not, however, the only compensation. Good working conditions add significantly to a teacher's compensation, while maximizing learning opportunities for the student. A partial listing of elements which make up good working conditions may serve to make this point explicit:

1. The attitudes in the town regarding education.
2. The citizen support given schools.
3. The orientation of the press toward education.
4. The recognition and status given teachers in town.
5. The expectations of the School Committee and parents.
6. The kind and degree of supervision by school administrators.
7. Total work load assigned—including subjects taught, class size, non-teaching duties, and ability level of students.
8. Availability of books, supplies, and equipment essential for quality teaching, and who selects these.
9. The climate for curriculum development and change.
10. The physical plant where one teaches.
11. Involvement in the budget process.
12. The competence and understanding of the teachers' immediate supervisor.
13. The attitudes and decorum of the student.

The primary objective of your school department has been, and continues to be, the recruitment and retention of well qualified teachers placed within the best working conditions possible, thereby giving each pupil maximum opportunity to learn. With unlimited funds this would be a relatively easy task. The continued heavy reliance upon the local real estate tax for school support has necessitated the assigning of priori-

EDUCATION

ties to the many needs always so evident in the educational enterprise. Funds have been allocated where in the best judgment of the committee and the administration they would do the most toward fulfilling our basic purpose—quality education at reasonable costs within the communities' ability to support. As your Superintendent I am satisfied that to date we have done a reasonably good job, allocating available dollars to high priority areas.

The present maximum on salaries paid to our most experienced teachers must be carefully studied during the coming year. It appears that an inequity between the minimum salary paid beginning teachers and the maximum paid to some of our more experienced teachers exists. A study of the concept of compensating teachers is currently being made.

I extend sincere thanks to all, and they are many, who have helped us during 1963.

EDUCATION

REPORT OF THE HIGH SCHOOL PRINCIPAL

To: The Superintendent of Schools

I hereby submit my report as Principal of Sanford High School.

This report will be mainly one emphasizing the fact that at present and for many years Sanford High School has had for its objective "quality education". The measure of this quality is found in the recent evaluation of the school by a visiting committee.

Background to Evaluation

In 1955, in compliance with the law, the Commissioner of Education appointed an advisory committee which prepared a manual entitled "Approval and Accreditation of Maine Secondary Schools."

In 1960, Commissioner of Education Warren G. Hill appointed a new advisory committee to review the current philosophy and practices of accreditation and to recommend improvements.

The second, or revised manual, consists of (1) statutory requirements for basic approval, (2) a statement of recommended philosophy for comprehensive schools, and (3) a list of specific standards for the guidance of visiting committees in evaluating comprehensive schools.

Definition of Accreditation

"Accreditation is a mark of distinction awarded by the State Board of Education to an approved secondary school, either public or private, which satisfies a visiting committee that it is meeting well for all of its pupils all of the educational needs that normally are served by secondary schools. Accreditation is granted for a five-year period and may be renewed only upon the recommendation of a new visiting committee. It may be withdrawn upon evidence that the school has failed to maintain the quality of its services."

Preparation for Visiting Committee

During the school year of 1962-63, the faculty of Sanford High School spent many hours in a careful evaluation of the school and its program. To facilitate this study they used the Evaluative Criteria published in 1960 by the Cooperative Study of Secondary School Standards. This instrument consists of

EDUCATION

a series of check lists and evaluation guides which assist the faculty in determining the specific characteristics of the school and the community it serves which should be reflected in the program of studies; in examining the school facilities, equipment, and teaching supplies; in evaluating the effectiveness of the teaching-learning situation; in calling attention to the many ways in which the school is already meeting the needs of its students; and preparing recommendations for more effective ways to serve the community.

At the conclusion of the study, a committee of sixteen members was invited to visit the school for three days and to review the results of the self-evaluation study. The visiting committee consisted of Superintendent Charles Puffer, Kittery; Superintendent Raymond Kenneally, Biddeford; Dr. Eugene Jorgenson, University of New Hampshire; Principal Howard Reiche, Portland High School; Mr. Theodore Chandler, Thornton Academy, Saco; Mr. Sarando Giftos, Portland High School; Mr. Carl Jensen, Westbrook High School; Miss Barbara Leonard, Brunswick High School; Mrs. Marguerite Lary, Scarborough High School; Miss Dorothy McCann, Falmouth High School; Mr. Angelo Tsika, Bonny Eagle High School, Buxton; Mrs. J. Donald Simmons, Cathedral High School, Portland; Mr. Lavern Davenport, York High School; Mrs. Ruth Putney, Gorham High School; Mr. James McGaffin, Thornton Academy, Saco; and Dr. Joseph J. Devitt of the State Department of Education, who served as chairman.

For two days, April 30 and May 1, 1963, each member of the visiting committee visited classes and reviewed the faculty reports in one area of the study. On the afternoon of the second day and during the morning of the third day, each committee member presented a report of the area studied. Each of these reports was discussed thoroughly and revised in the light of the observations of other committee members. Consequently, each sectional report, when finally approved, represents the combined best thinking of the committee as a whole and not the opinions of any one member.

COMMENDATIONS AND RECOMMENDATIONS OF VISITING COMMITTEE

A SUMMARY TAKEN FROM THE REPORT OF THE VISITING COMMITTEE WILL LIST BELOW THE OUTSTANDING COMMENDATIONS AND RECOMMENDATIONS OF THAT COMMITTEE.

Commendations

The committee commends those responsible for the program of studies for:

EDUCATION

1. The progress that has been made through counseling, through providing to the students and parents the results of an extensive testing program, and through the device of listing a wide variety of subject sequences, in guiding pupils into the selection of courses appropriate to their aptitudes, abilities, and life aims.
2. The excellent beginning that has been made in providing a realistic academic program for the very slow learners. It is the earnest hope of the committee that this course, which can make history in Maine Secondary education, will be continued and expanded to serve pupils in grades 10, 11, and 12 during the next three years. (now includes grades 9 & 10)
3. The opportunity provided for pupils to qualify for admission to and successful work in practically any American college or other post-secondary school of their choice and for which they are qualified.
4. The excellent and varied sequence of business education courses for pupils of different abilities.
5. The excellent sequence of industrial arts and vocational shop courses for pupils of different abilities.
6. The rich program of art and music education.
7. The requirement of five periods per week of physical education for all pupils.
8. The plans for organizing a summer school in 1963, which will greatly expand the educational opportunities for Sanford High School students. (This has been done.)

Recommendations

1. A language laboratory be provided to permit the students in modern foreign languages to develop greater proficiency in audio-lingual skills. (This has been done.)

Commendations

1. The committee commends the people of Sanford for providing and supporting an excellent high school plant on a good site, well located in relation to the population center of the community and well located for development potential.
2. The committee commends the administration for full and effective utilization of the school plant.
3. The committee commends the students and faculty for their attitudes of concern and care for school property.

EDUCATION

Recommendations

1. A study be made of room allocation and use, and reallocation, if possible, to—
 - a. Allow an additional room for the business department. (This has been done.)

Commendations

The committee commends the Sanford English staff for:

1. Courteous, well-disciplined, and pleasant classroom atmosphere in which pupil participation is encouraged and attained.
2. The warm, friendly, and unhurried approach to the students by the teachers; the loyal, enthusiastic, and respectful response by the students.
3. The understanding of each other's problems and loyalty existing among the department members and their department head and between the department and administration.
4. The thorough self-evaluation of goals and activities in all areas by the department.

Recommendations

The committee recommends for the improvement of the English Department that:

1. A more extensive record library be built up to provide every class with ample opportunity to hear plays, not only Shakespeare's but those of contemporary playwrights, dramatizations of the classics, and poetry, including readings by modern poets of their own masterpieces.
2. A study be made by the department to consider adding more contemporary fiction to their excellent reading program in every area.

Commendations

The committee commends the Mathematics Department for:

1. A progressive, vital, cooperative spirit shown in the efforts toward improving the mathematics curriculum.
2. Effective, enthusiastic teaching which produces students

EDUCATION

with strong mathematical backgrounds and stimulates many to major in mathematics in college.

3. Stimulating student interest in mathematics by encouraging significant individual research projects and by entering several of these in the State Mathematics Fair.

The committee also commends the Administration for:

1. Providing congenial working conditions, scheduling most classes for each teacher in one room, providing necessary physical equipment, and in general showing appreciation of teacher effort.
2. Encouraging study and experimentation in more effective mathematics teaching.

Recommendations

The committee recommends for the improvement of the Mathematics Department that:

1. An in-service course in basic concepts and structure of mathematics be conducted by the head of the department for all teachers of college preparatory and general mathematics.

SCIENCE

Commendations

The committee commends the Town of Sanford for:

1. Making available ample science equipment and textbooks.

The committee commends Sanford High for:

1. Offering such a wide area of science subjects—especially during the last two years of school.
2. Allowing reasonably sized classes—especially during the more concentrated studies of physics and chemistry.

Recommendations

The committee recommends for the improvement of the Science Department that:

1. Two courses in physics be offered the senior year. Since a Physical Science Study Committee trained man is available, it is recommended that a P.S.S.C. course be offered for the ablest students and that a general physics course be offered to the more interested and capable students who might be taking physical science. (This has been done.)

EDUCATION

SOCIAL STUDIES

Commendations

The committee commends the Social Studies Department for:

1. The remarkable amount of pupil participation in classes and the ability of pupils to speak effectively.

LANGUAGES

Foreign language courses are available to all students who wish them; however, those who have shown very little language aptitude on a prognostic test (given to incoming freshmen) are discouraged from pursuing a language. Counseling is excellent and grouping is good.

Commendations

The committee commends Sanford High for:

1. Good materials and textbooks and the cooperation of the superintendent's office in providing generously.
2. The reasonable size of classes.
3. The steering of pupils toward a longer language sequence by the Guidance Department.

Recommendations

The committee recommends for the improvement and increased effectiveness of the Language Department that:

1. A modern language laboratory be provided. (This has been done.)

BUSINESS EDUCATION

Commendations

The committee commends the Business Department for:

1. An excellent staff of qualified teachers, well trained in their subject matter specialty.
2. Offering a wide variety of subject matter in its program of studies.
3. Its two-year programs of specialization in the areas of bookkeeping, clerical skills, and stenography.

EDUCATION

Recommendations

The committee recommends for the improvement of the Business Education Department that:

1. Crowded room facilities be corrected to provide for more effective utilization of the present staff and scheduling more students in the course offerings of the business department by
 - a. using the present overcrowded Bookkeeping room as a second Typing room.
 - b. providing another room, in proximity to the department, for the Bookkeeping and General Business classes. (This has been done.)

Commendations

The committee commends the Home Economics Department for:

1. The development of a well-planned, well-taught sequence of Home Economics courses, and the frequent re-evaluation of this program by the teachers.
2. The attractive, well-equipped Home Economics area which is used to capacity.
3. The excellence and the variety of instructional materials.
4. The obvious care with which the Home Economics Department reflects the philosophy and objectives of the school.

Recommendations

The committee recommends for the improvement of the Home Economics program that:

1. A larger living room area be provided.

VOCATIONAL & INDUSTRIAL ARTS

Commendations

The committee commends:

1. The Town of Sanford, the School Department, and the school administration for the excellent development of its vocational plant.

EDUCATION

2. The display of leadership in offering outstanding programs where much saleable skill may be utilized by pupils upon graduation.
3. The staff and administration for acknowledging that a good vocational T & I program can and should be a proper avenue for post-high-school training and education.

Recommendations

The committee recommends for the improvement of these programs that:

1. A survey be made to determine the need for offering additional specialized training in areas not now taught. (Additional specialized training now being offered in Sheet Metal and Welding.)
2. A planned program be developed for the periodic replacement of worn and obsolete equipment.

PHYSICAL EDUCATION

Commendations

The committee commends the Physical Education Department for:

1. The varied program which includes physical fitness tests, skill tests, soccer, speed ball, cage ball, cross country, military drill, volley ball, gymnastics, basketball, wrestling, badminton, dance, softball and track.
2. The well-rounded interscholastic sports program.
3. The variety of intramural activities sponsored by the Girls' Athletic Association.
4. Providing for all students five days per week of physical education.

Recommendations

The committee recommends for the improvement of the Physical Education program that:

1. A larger locker room be provided for team sports.

HEALTH SERVICES

Commendations

The committee commends the Health Services for:

1. Providing a school nurse.

EDUCATION

2. Provision for emergency illness or injury.
3. Coordination with community health services.

Recommendations

The committee recommends for the improvement of the Health Services that:

1. Physical examinations be given during the freshman and junior years.

HEALTH EDUCATION

Commendations

The committee commends the Health Education Program for:

1. Requiring the course for all students.

Recommendations

The committee recommends for the improvement of the Health Education Program that:

1. Efforts be made to use community doctors, nurses, and dentists as lecturers of certain phases of the health education program.

MUSIC

Commendations

The committee commends the Music Department for:

1. The part it plays in furnishing music for both school and community activities.
2. School recognition of the value of music education and allowing enough time to accomplish its work.

ART

Commendations

The committee commends the Art Department for the very fine program it has set up for the students.

SCHOOL STAFF AND ADMINISTRATION

Commendations

The committee commends:

EDUCATION

1. The teaching staff for their cooperation and spirit of loyalty—very professional as a group.
2. The non-teaching staff for their efficient handling of their assigned duties.
3. The superintendent for his leadership and for his “hands off” policy with regard to the operation of the high school.
4. The principal for his demonstrated ability as an administrator. He is firm, friendly, demands respect, and is very helpful to the staff.
5. The secretarial staff for their efficient operation.
6. The town for providing an excellent adult education program.
7. The method of budget preparation which places part of the responsibility on the staff and department heads and is finalized and submitted by the principal. This is a big factor in the overall, excellent morale of the entire staff.

GUIDANCE

Commendations

The committee commends the Guidance Department for:

1. The professional attitude of the counselors, the fine atmosphere in which they work, their freedom from administrative and disciplinary duties, and the close cooperation that is evident between the Guidance Department and the Principal and between the Guidance Department and the teachers.
2. The programs for incoming freshman including visits to the eighth grades and “Freshman Day” at the high school.
3. The number of conferences the counselors are able to have with each student.

LIBRARY

Commendations

The visiting committee commends:

1. The school librarian for her spirit of cooperation in working with teachers, administrators, town librarian

EDUCATION

and others toward providing a school library with a wholesome atmosphere.

2. The Town of Sanford for the progressive policy of school library-town library integration.
3. The town librarian for excellent services provided by making available thousands of volumes of the town library to all the students.
4. The Sanford Board of Education and school administration for steady improvements in the library holdings.
5. The librarian for her genuine interest in striving toward more books and a wide range of periodicals and newspapers.

CONCLUSION OF VISITING COMMITTEE

Sanford High School is widely recognized for the excellence of its administration, its faculty and its program of services to the students enrolled. The citizens of Sanford obviously are aware of their responsibility for the education of their secondary school youth and have fulfilled these obligations well.

The visiting committee sincerely hopes that this report, which contains commendations for many but not all of the fine features of the school that were observed during the three-day visit, will also serve for many years as a guide to the continued improvement of the school program.

Sanford High School was the first public high school in Maine to receive approval for five year State accreditation prior to 1960. Deputy Commissioner Joseph Devitt informed Sanford High School that its accreditation has been extended to 1970 and has stated that it is again the first public high school in Maine to attain this objective. New England accreditation to 1970 has also been achieved.

Respectfully submitted,

LAWRENCE L. PAGE

EDUCATION

REPORT OF THE EVENING SCHOOL PROGRAM — 1963

To the Superintendent of Schools:

We hereby submit the following report of the Evening School for the year 1963.

The Courses and the number of people who successfully completed them are:

Machine Shop	12
Acetylene and Elec. Welding	27
Heliarc Welding	31
Blue Print Reading	15
Sheet Metal Lay-Out Develop.	14
Mathematics (trig)	27
Commercial Art	39
Technical Auto—Electrical Basic	14
Electrical Advanced	10
Oil Burner Maintenance—Basic	31
Advanced	28
Driver Trainer	22
Farm Welding	14
Rug Braiding	12
Dressmaking	44
Landscaping	12
Bookkeeping	16
Typing	28
Shorthand	15
Americanization	5
Industrial Sewing at Aletta Mfg. Co.	19
Fancy Stitching at Sanford Shoe Co.	11
Furniture Refinishing	10
Technical Auto Fuels & Carburetion	15

The course of training which was set up at the Sanford Shoe Company for Fancy Stitching was the first course in the shoe industry. We hope we can set up additional courses in the future.

We wish to thank all who helped to make these programs successful . . . especially our Superintendent, Dr. Petroski, members of the School Board, the Instructors, heads of local industries, and last but not least all those people who came to learn—the Students.

New skills, ideas, facts and attitudes are needed to cope with the rapid and continuous changes now going on in the

EDUCATION

world. Production methods are quickly outmoded by new inventions. New techniques must be learned and the Evening School Program endeavors to provide opportunity for those who want to learn. Again we are glad to report continued cooperation between local industries and the School Vocational Program.

Respectfully submitted,

CARL J. LAMB

Director of Adult Education

DAVID McCULLOUGH

Assistant

EDUCATION**REPORT OF THE
JUNIOR HIGH SCHOOL PRINCIPAL**

December 17, 1963

TO: Supeintendent of Schools
FROM: Principal of Junior High School
SUBJECT: Annual Report

I hereby submit my report as Principal of Sanford Junior High School.

Enrollment

The enrollment at Sanford Junior High School as of September 4, 1963 was 375. This is an increase of 67 pupils from the first year the school was opened in September, 1959. The present enrollment is 370, a decrease of 5 since September.

Daily Attendance

Daily attendance continued to be exceptionally good throughout the school year. Percentage wise the daily absenteeism was between four and five percent of the total enrollment.

Faculty

There have been two changes in the teaching staff at the Junior High School. Mr. John Cochin has replaced Mr. James Bannon in grade seven. Mr. Bannon is now teaching at the Emerson School. Miss Norma Harmon has replaced Mr. Raymond Archambault. Mr. Archambault resigned last June to accept a position in library work at Frostburg State College in Maryland.

An additional teacher, Miss Georgette Kostis, has been assigned to teach in the area of mathematics.

During the past year, twelve members of the faculty have participated in professional improvement programs by attending summer school or taking extension courses.

Condition of Building, Equipment and School Grounds

The building, equipment and school grounds remain in excellent condition. This is but one of many expressions of appreciation from the pupils and faculty for the opportunity to learn and to teach under such excellent conditions.

Proper service and maintenance are performed daily by both custodians, Mr. Lawrence Dart and Mr. Alfred Williams. After four years the building, equipment, and school grounds are in as good or better condition than when the school first opened.

EDUCATION

Curriculum

At Sanford Junior High School, every effort is being made to keep the curriculum up to date for a well rounded educational program. The following revisions were made this year to improve learning situations and provide opportunities for broader explorations:

1. A full year of Algebra is now offered to grade eight pupils in the field of mathematics.
2. A special program is being offered for pupils who have individual problems and are slow to make adjustments to the Junior High program.

Achievements

Last April the pupils of Sanford Junior High School scored very high on a standardized achievement test. Their average achievement was well above the national norm.

At the Western Maine Music Festival held in Portland last May, the Sanford Junior Band and Glee Club received excellent ratings.

During a school assembly last June, forty boys received certificates for participating in the Marine Corps Physical Efficiency Program.

School Approval

On September 17, 1963, Sanford Junior High received a certificate of renewal for an approved secondary school from the State Department of Education.

In conclusion I wish to thank the members of the Sanford School Committee, Dr. Petroski, members of the Junior High Faculty, parents, pupils, and custodians for the excellent cooperation given me during the past year.

Respectfully submitted,

BURT WHITEHOUSE

EDUCATION

REPORT OF SCHOOL NURSING SERVICE — 1963

Following is the report of the school nursing service for the past year. The program was carried on by one full-time nurse and one part-time nurse. Two physicians are employed for physical examinations. One optometrist is employed for vision examinations, and one podiatrist is employed for foot examinations. The attending health officer, Dr. A. S. Lincourt attends all immunization clinics and gives all necessary prevention for contagion programs.

1. **Physical Examinations.** Students in the first, fourth, seventh, and tenth grades, plus all new students in our system, were examined. A total of 1340 were given examinations this year. Parents were notified of deviations from normal findings and a slip for follow-up by their own physician was advised. Most of these slips have been returned.

2. **Sight Conservation Program.** 581 students in grades having physicals were given vision examinations by our optometrist. 38 were referred for further eye study. The program is not complete and is now being carried on. Teachers were notified of all abnormal findings. Financial assistance for glasses was given by the Lions Club.

3. **Urinalysis Program.** Students in the first, fourth, seventh, tenth grades, and all new students were given tests. One was found to be positive, but family was aware of this and had child cared for by physical before test.

4. **Program for Care of Feet.** The same grades as above were done by the podiatrist. Too little attention is given slips sent by our findings. More cooperation would be appreciated since we have a clinic service for children every month.

5. **Program for Hearing Conservation.** The Maico Pur Tone Audiometer is used for individual testing. 949 were tested this year. 38 were below average. 4 were cared for by physicians. Rechecks will be done during the year on all below average.

6. **Services at High School Unit.** One nurse is at High School five hours daily. 1801 visits were made to unit. When a student is ill we encourage parents to come to take him home, and follow up the cause. The physical education personnel have been very cooperative with us in abnormal findings, etc.

7. **Mental Health Program.** The York County Child and Family Guidance Clinic started November 1, 1963, and several cases have been referred by us, and also the Guidance Department at High School. A mental health workshop and behavior

EDUCATION

problems was attended by the Supervisor, for more educational advantages for our students. We will continue to work very closely with this clinic from time to time, and it is proving most valuable.

8. Program for Prevention of Contagious Diseases.

- a. Parents were given rules at sub-primary registration.
- b. 71 teachers were notified of need for X-rays for T.B. prevention. 25 teachers have been X-rayed by the clinic of the Community Health Association and the generosity of the Goodall Hospital.

Immunization Program

The Health Officer, Dr. A. S. Lincourt, attended.
379 Salk polio injections.
175 Diphtheria and tetanus injections

Other Activities of Interest to Our Program

- a. Five Home instruction students, and one at the school for the deaf.
- b. Free milk given by Searchlight Club.
- c. Free lunches given as needed, after investigation by nurse and teachers.
- d. Health Education
 - a. Booklets to teachers and parents.
 1. Good Food for Teen Age Boys and Girls.
 2. A good lunch box.
 3. Helping your child to eat well.
 4. Epilepsy—"How to Understand".
- e. Nurse obtained film "Is Smoking Worth It," by Cancer Association. This was shown students of the Physical Education classes at the High School.
- f. T. B. program for school testing and screening attended.
- g. Dental education continued.
- h. Workshop on "Mental Health and Human Behavior".
- i. Class on "Federal Donated Commodities".
- j. 184 home visits made to ill children.

EDUCATION

k. 832 consultations with teachers and principals.

The new issue of School Health Program sums up our program well:

1. To assist in teacher orientation—Helath observation.
2. To interpret pupil needs—physical education.
3. To help in education adjustment—vision problem.
4. To relate services to education—Demonstration.
5. To cooperate in case study—uncooperative student.
6. As a resource for health teaching—immunizations.
7. As an evaluation of material—posters and booklets.
8. To orient professional personnel—further clinic study, etc.
9. As a guide to resources—Hearing aids, etc.
10. As a supporter and stimulis—The nurse in her daily school work.

May I take this opportunity to thank the doctors who worked with us, the principals, and teachers, for their excellent cooperation.

Respectfully submitted,

HAZEL L. DROWN, R. N.

School Nurse

EDUCATION

ANNUAL REPORT SPECIAL EDUCATION

In providing quality education for all, the child with a limited capacity to learn cannot be overlooked. He must be given the chance to develop his limited abilities to the utmost, and, in addition must be given a much broader social training than is available in the regular classroom. This is the reason for the formation of the two special classes now situated at the Hawthorne School.

The special primary class is unique in that it is the only one of its type within the state. It consists of children ranging from five to twelve years of age who are not yet mature enough to begin formal academic education. Their schooling consists of discipline, social training, awareness of the world around them, use and care of both public and private property, safety at school and home, health, cleanliness, and development of a sense of well being, as well as continuous readiness work in the basic academic subjects of reading, writing, and arithmetic. Much of the above training is carried on in directed play situations and controlled free play. Each stage of development is carefully observed as each child progresses individually.

When a child progresses to a mental maturity that can accept the more rigid disciplines necessary for formal academic education, he is advanced to the special elementary class which functions as an ungraded classroom. Here each child works at his own level in each basic subject, progressing according to his own ability. Arts and crafts are important at this level to develop skillful use of the hands. Typewriting is available for those interested enough to practice. Here, also, each child is encouraged to develop any talents or abilities in which he is interested.

When a child becomes mature enough to adjust socially and emotionally to a much broader environment, he may be transferred to the Junior High School where a special program is arranged for each child. Here the individual becomes a member of a larger school community in preparation for later citizenship in the town as a contributing member able to be wholly, or at least partially, self-supporting rather than dependent upon others for his care and support.

DORIS E. WOODMAN,

Hawthorne School

EDUCATION

REPORT OF THE ELEMENTARY SUPERVISOR

To the Superintendent of Schools:

I hereby submit my report of Elementary Supervisor.

The enrollment of the eight elementary schools as of November 1, 1963, was 1,476 pupils. This is an increase of fifty pupils over the last year.

Enrollment:

Edison	233
Emerson	212
Hamlin	163
Hawthorne	25
Lafayette	208
Lincoln	233
Longfellow	249
Roosevelt	153

The Teachers

Four new teachers have been added to the elementary school staff:

Mrs. Edith Allen	fourth grade, Lafayette
Mrs. Mary Connor	sub-primary, Emerson
Mrs. Marion Rand	second grade, Emerson
Mrs. Jeanne Stanton	third grade, Longfellow

The fifth grades at the Hamlin and Lafayette schools have been large this year because of sixteen pupils who came to us from other school systems. We are adding another fifth grade at the Hamlin in January so that these classes will be under thirty pupils.

Mr. Merrifield, who will be graduated from Gorham State Teachers College in January, and who has been doing his practice teaching in Sanford, will have this new fifth grade.

We are still transporting children by busses from one school to another to try to keep the classes under thirty if possible.

Sanford stands well in the National average in Achievement Tests which are given every spring.

	The National Average	Sanford's Average
1st grade	1.7	2.2
2nd grade	2.7	3.2
3rd grade	3.7	4.6

EDUCATION

4th grade	4.7	5.5
5th grade	5.7	6.4
6th grade	6.7	7.4

This 1.7 means the test is given the first year, the seventh month.

Curriculum

Our new library outside reading program which we started last year has worked out very well. More children are reading better books than ever before.

Our new testing program which the teachers and I have been working on has proven to be very successful, especially when the children enter the Junior High. Testing is essential at this level. By knowing and understanding testing, it makes it easier for them at the Junior High level.

The elementary teachers and supervisor, with the help of the math departments of the High School and Junior High, have been working on a new modern math program this year.

Each teacher has an edition of our new math book and is using this along with her regular arithmetic books until we all will be able to have the new books for our classes.

This has completed the revision of our curriculum which was started three years ago. Within a short time, all elementary teachers in Sanford will be using the same books in each school. This will improve the educational opportunities of the Sanford School children.

Mrs. Celia Butler and Mrs. Muriel Gardner wrote an excellent paper on reading called, "We Can Read in Sanford", which was presented to all of the teachers of Sanford

Mrs. Winifred Nason has organized a Remedial Reading class where children are given extra help. These are some of the many ways in which the teachers of Sanford are spending extra time to help our children and improve our school system.

We have been improving and equipping the playgrounds of all elementary schools. All of the schools have basketball nets. The Emerson had swings and teeters added this year.

The responsibility of educating our children belongs to everyone, the parents as well as the teachers, and I believe both are doing their jobs well in this community.

The sharing of responsibilities in the make-up of individual school budgets by teachers and principals has, I believe, resulted in keeping our costs very reasonable.

EDUCATION

I have enjoyed working with the principals and teachers on problems of pupils' behavior, scholastic problems, teaching when needed, visiting classes, and helping principals or teachers whenever they need it.

I wish to thank Dr. Petroski, the Superintending School Committee, elementary principals, and classroom teachers, for their assistance and cooperation.

Respectfully submitted,

CLYDE P. KIMBALL
Elementary Supervisor

ANNUAL REPORT

of the Selectmen, Assessors and Overseers of the Poor

January 1 to December 31, 1964

To the Citizens of Sanford-Springvale:

We, your Selectmen, Assessors and Overseers of the Poor, respectfully submit the following report for the year 1964.

The rebuilding of Lebanon Street has been completed. This was a much needed project and has greatly improved the traffic conditions in this area.

Main Street did not get rebuilt as planned because of the time involved in installing the storm water sewer along Main and Summer Streets. The program for 1965 should see a portion of Main Street in Sanford and Springvale completed.

The Municipal Airport has shown a large increase in air traffic, which is encouraging because this was the purpose of repairing and lighting the air strip.

The addition to the Town Hall to accommodate the Police Department was approved and should be ready early in 1965. This will provide more rooms for the District Court in the Town Hall. We believe this will be a decided asset to the town.

We were disappointed in the decision of Pioneer Plastics Corporation to relocate in the Auburn area. We sincerely hope that they will keep part of their operation in Sanford.

American Cyanamid Company has built a substantial addition to their new plant at the Industrial Estates which will partially offset Pioneer's new decision. Our economy, while not expanding to a very great extent, is holding steady.

We were pleased with our Welfare Accounts as we were able to reduce the appropriations for 1965 by \$10,000.00. These accounts are difficult to control as it depends on the employment in our community. We also realize that careful screening of applicants is very important in keeping expenditures down to the bare minimum.

The cooperation of all Departments has been very commendable. This is important in attaining the best results.

Our clerical staff has continued to give us their best efforts in maintaining a proficient office.

We must say that losing Ernest Gallant, our town engineer, was a great loss to the town. We were fortunate to acquire the services of Roger Walker, a former road commissioner for the town, to fill the vacancy. He had recently worked with "Ernie" and very ably took over and kept the Engineering Department going efficiently.

We have endeavored to spend your tax dollars wisely and attain the best with them.

Respectfully submitted,

NORMAN S. HALL

THEODORE C. GAUTHIER

HENRY J. DESMARAIS

**PROTECTION OF PERSONS AND PROPERTY
REPORT OF THE BOARD OF ENGINEERS OF
SANFORD FIRE DEPARTMENT**

Feb. 3, 1965

The Board of Engineers of the Sanford Fire Department submit the following report for the year of 1964.

The Fire Fighting apparatus is checked daily, and found to be in good working condition.

The new Maxim fire engine that was delivered in October, 1964 is a great asset to our department.

The fire alarm system is in good repair and three new boxes have been added in the more densely populated areas of town. This now gives us a total of 61 regular fire alarm boxes and 9 master alarm boxes in our own system.

The ambulance is in good condition. Only minor repairs have been necessary. The ambulance has responded to 300 calls and has traveled 2,299.8 miles.

Nearly all of the repairs and maintenance of the fire station is done by the permanent fire fighters.

We would like to express our thanks to the Board of Selectmen, their clerks, Marion, Anita and Lucienne, Springvale Fire Department, Police and Highway Departments, Water District, Garage Crew and each and every one who contributed their help during the year of 1964.

GERARD MARTEL, Chief

FREDERICK HAMMOND, Assistant

REPORT OF THE BOARD OF ENGINEERS OF
THE SPRINGVALE FIRE DEPARTMENT

Dec. 31, 1964

To the Honorable Board of Selectmen
Town of Sanford, Maine

Dear Sirs:

The Board of Engineers of the Springvale Fire Department submit the following report for the year ending December 31, 1964.

The Springvale Fire Station and fire fighting equipment are in very good condition. The equipment is checked regularly and repairs are made when needed. A new 70' Aerial Platform, built by the American Lafrance Co., was put into service in March to replace a 1926 Ahrens-Fox Ladder Truck. A great deal of time has been spent by the men in training with this new equipment.

Two new boxes have been added to the alarm system, which on the whole is in good shape.

The permanent men and Engineers have made 850 building inspections in schools, churches, business places and factories this past year.

We would like to thank the Selectmen and their clerks, the Sanford Fire Department, Police and Highway Departments, Call and Permanent Firefighters, Ladies Auxiliary, and each and every person who helped us during the year 1964.

ELMORE L. HANSCOM, Chief

WALTER C. HUNTRESS, Assistant

KEITH R. GOODRICH, Assistant

IN APPRECIATION

The officers, permanent firemen and call members of the Springvale Fire Department wish to publicly express their sincere thanks to Chief Elmore Hanscom for the eleven years of devotion to the fire service of the Town of Sanford, and throughout the County and State of Maine.

PROTECTION OF PERSONS AND PROPERTY
REPORT OF THE CLERK
OF THE SPRINGVALE FIRE DEPARTMENT

December 31, 1964

To the Municipal Officers of the Town of Sanford:

I hereby submit the report of the Springvale Fire Department from January 1 to December 31, 1964.

The company responded to 199 alarms consisting of:

181 still alarms
17 bell alarms
1 house call
also 6 drills

Value of property endangered	\$545,000.00
Damage to property endangered	1,200.00
Insurance paid on property endangered	1,100.00
Loss	100.00

Number of feet of hose laid	15,770
Number of feet of ladder raised	506
Number of miles apparatus traveled	3,711.5
Number of hours apparatus pumped	34 hrs. 25 min.

Respectfully submitted,
JACK LAWRENCE, Clerk

REPORT OF THE SANFORD POLICE DEPARTMENT

Traffic Accident Records for Year 1964

This report from January to December is compiled from accident records kept by the Police Department. Any accident with the combined damage of \$100 or more, and/or personal injury is classified as a major accident. All other accidents with less than \$100 and no personal injury is classified as a minor accident.

To make accident figures more accessible and allow the interested public to see, the Police Department started out in 1964 with a 36x40" plywood chart. This chart with a plastic face is filled in at the end of each month. In this way the Police and the public can see at a glance how the current year compares with the previous year. This chart was made possible by several officers donating their time and the cost of the board.

This report will also include the year 1963 so you may compare and perhaps form an opinion of the type of drivers and how Sanford, Maine, stands:

	1963	1964
Fatal Accidents	1	0
Major Accidents	255	243
Minor Accidents	388	392
Major Estimated damage	\$96,093	\$97,160
Minor Estimated damage	\$19,400	\$41,156

Days accidents happened:

Sunday	113	66
Monday	90	63
Tuesday	98	72
Wednesday	70	98
Thursday	80	93
Friday	70	127
Saturday	120	131

Breakdown of ages of drivers involved:

1963 no breakdown record kept

1964

ages, under 20	— 262 operators
20 to 30	— 208
30 to 40	— 173
40 to 50	— 148
over 50	— 250

PROTECTION OF PERSONS AND PROPERTY

Pedestrian accidents:

1963 — 5

1964 — 21

Bicycle Accidents with vehicle:

1963 — 2

1964 — 5

There were 53 accidents where vehicles ran into fixed objects. 12 vehicles overturned on the highway, no other vehicle involved. 54 vehicles left the highway for such reasons as, had been drinking, avoiding another car or animal, misjudging a curve, driving too fast for road conditions, and inattention, etc.

31 vehicles were involved in non-collision accidents, various reasons given.

As you have noted at the beginning of this report for the year 1964. Sanford did not have any fatal accidents. Also for 1964, there was a slight decrease in major accidents and a slight increase in minor accidents. The estimated damages were well over the previous year. Major damage took a slight increase and minor damage more than doubled the previous year.

Weekdays Friday, Saturday and Wednesday were the days that the most number of accidents took place. Saturday and Sunday for 1963 were our worst days. Again the report shows that operators under 20 and up to 30 and those over 50 years old are involved in the most number of accidents.

The pedestrian accidents for Sanford, Maine, increased by three times over 1963. It should be pointed out that both pedestrian and operators should use more caution in their travels. It is not always the operator who is at fault in this type of accident. The new Pedestrian sign put into use in the Central Square, did give the pedestrian more of a chance to cross. The operator of a vehicle must yield to any pedestrian in a crosswalk and at the same time the pedestrian must observe any traffic lights and cross when the light is with him.

We hope for the year 1965 that operators of vehicles in Sanford will do their share in keeping our accidents down as much as possible, thus making our streets and highways a happier place for us all. We in this department will.

Remember, a little less weight on that gas pedal may result in less cost on the pocketbook. Upkeep wise and court wise.

13 percent of all accidents investigated resulted in some type of court action towards the driver. This was an increase of 2% over 1963.

PROTECTION OF PERSONS AND PROPERTY

In closing out this report, one friendly safety note:
 "IF YOU HAVE SEAT BELTS IN YOUR CAR, PLEASE USE
 THEM, YOU MAY BE GLAD YOU DID."

PROTECTION OF PERSONS AND PROPERTY**REPORT OF****CIVIL DEFENSE AND PUBLIC SAFETY**

December 31, 1964

To the Honorable Board of Selectmen:

Gentlemen:

Another year has passed, and through every effort we have tried to make it successful.

The public has become closer to Civil Defense and played a very big part in it this year.

We feel that this past year has been a great gain to Sanford, with purchases made from Government Surplus. Two additional shelters have been obtained—one at Nasson College in Springvale, and the other at Sanford High School. This includes fifteen (15) complete shelters in the Town of Sanford. This has been a great saving to the Town, also, a great deal of preparation toward a nuclear war if we are ever confronted with such a disaster. We are still very proud of our Mass Feeding Unit, and feel that it plays a very important part in the safety of the Town of Sanford and York County.

Our Sanford Civil Defense Police are well-trained for any emergency that might arise. We also have well-trained radio operators.

I wish to take this time to thank all those persons who have aided me in my attempt to make "Civil Defense and Public Safety" program workable since my appointment as Director.

Respectfully submitted,

RALPH MARSHALL

Director

HEALTH AND SANITATION**REPORT OF THE
HEALTH OFFICER FOR THE YEAR 1964**

February 4, 1965

To the Selectmen, Town of Sanford, Maine

Gentlemen:

As Health Officer for the Town of Sanford for the year of 1964, I herewith respectfully submit a report of health activities during the current year.

Medical and surgical care was given to welfare cases when and where needed. Town and State patients were visited and cared for at the Town Infirmary and surrounding nursing homes. Office and house visits were rendered to patients needing care and treatment.

As required by State Law a free clinic was held at the Sanford Town Hall. These were well attended. Mrs. I. McCann, Town Welfare Nurse, assisted.

As in previous years all public and parochial schools were visited. School children with consent of parents were vaccinated against smallpox and inoculated against diphtheria, whooping cough and tetanus. Initial doses were begun when needed, boosters were given as required. Sabin oral polio vaccine was given at all schools and at four public clinics held at the Sanford Town Hall. The response to this was very good.

All clinics were under the supervision of the School and Community Health Association nurses. As in the past they continue to be good organizers and working with them has been a pleasure.

Infringements of plumbing and sanitary laws were investigated as received.

Contagious diseases were dealt with as required by law.

Respectfully submitted,

A. S. LINCOURT, M. D.

Health Officer

HEALTH AND SANITATION

REPORT OF THE COMMUNITY HEALTH ASSOCIATION, INC. — 1964

To the Citizens of Sanford:

1. The nursing staff of the Community Health Association, Inc., is composed of two full-time registered professional nurses who work under the guidance of a thirty member board of directors to administer locally an adequate public health program.
2. This program has included as integral parts activities aimed at the reduction of incidences of various diseases, bedside nursing care for ill persons, organization and attendance at clinics, and health supervision and education.
3. These activities were financed by town appropriations, a special benefit program arranged by directors, gifts, and fees charged to individual patients. Although there is a standard fee for bedside nursing service, no individual was refused care because he lacked funds.
4. To better equip the nursing staff for carrying out this local program, the directors encouraged them to attend professional meetings held in this area.
 - a. The York County Public Health Nurses' meetings are monthly forums at which medical specialists deliver lectures or demonstrate advanced procedures in nursing. Films and U. S. Public Health educators are part of the program.
 - b. Classes on tuberculosis were held at the Mercy Hospital in Portland with Katharine T. Gay, assistant administrator of Maine State T. B. Control, and Gisela Davidson, M.D., as instructors.
 - c. Health Council Institute was held at Hollis Center with John Spargo, M.D. of Boston, Mass., and Mr. William Carney of the U. S. Public Health Service as instructors.
 - d. Gov. and Mrs. John H. Reed hosted a tea at the Blaine Mansion attended by some of the directors and the local nursing supervisor in observance of Nurses Week.
 - e. Both nurses attended a one day biannual meeting of the Maine State Nurses Association. One nurse also served

HEALTH AND SANITATION

as a delegate to the annual convention of this same group held at Poland Springs.

5. The following is a summary of the number and types of visits made:

335 Office calls and care to acutely ill patients.

864 Home visits and care to chronically ill patients.

52 Home visits to patients, not admitted, who had treatments.

Health Supervision and Educational Home Visits

195 Visits to cancer patients.

481 Visits to cardiac patients.

247 Visits to crippled patients.

218 Visits to tuberculosis patients, suspects, and contacts.

223 Visits to diabetic patients.

668 Visits to infants, pre-school and school children.

656 Miscellaneous calls.

100 Absent visits.

Clinics

11 Chest Clinics at which 156 persons were x-rayed at the H. D. Goodall Hospital with the interpretation done by the Tuberculosis Control Department of the State of Maine.

9 Foot clinics at which service was given 88 people were held with Henry P. Landers, D.S.C., in charge, assisted by the staff nurse.

10 Immunization clinics were held the third Wednesday of the month at the Unitarian Church's Goodall Hall under the supervision of Walter R. Peterlein, M.D., assisted by the nurses and volunteer helpers from the Association's board of directors, and administered:

31 Salk poliomyelitis vaccines

159 Sabin poliomyelitis vaccines

175 Diphtheria, pertussis, and tetanus injections

27 smallpox vaccinations.

15 Immunization clinics, 5 in each of the three parochial schools, with Armand S. Lincourt, M.D. in charge, and assisted by the nurses administered:

1482 Sabin poliomyelitis vaccines, types 1, 2, and 3.

HEALTH AND SANITATION

106 Diphtheria and tetanus injections.
171 Smallpox vaccinations.

6. At the request of Melvin Bacon, M.D., Chairman of Diabetes Week for all of the state, the Community Health Association recruited workers and coordinated the programs for testing in industries and the parochial schools. Number of urine tests given were:

675 at the industries.
915 at the schools.
72 at the homes of the workers.
66 at the Community Health office.

1728 Total

7. Other services performed for the community and requested by various groups included:
- a. Dental care demonstration for the 4th grade of the St. Ignatius school by one of the nurses.
 - b. Instigating the action necessary to obtain glasses for several needy children, with the help of local civic organizations.
 - c. Referrals from this office to the Maine State Health and Welfare Department's Crippled Children Services and to the Cancer, Cardiac, and Tuberculosis Clinics at Maine Medical Center, Portland.
 - d. Selection of 23 children worthy of camperships to the Y.M.C.A. Day Camp.
 - e. Contacting 118 children to attend the Shrine Circus in Portland.
 - f. Choosing 2 families to receive Thanksgiving baskets.
 - g. Distributing gifts at Christmas to our currently ill patients. These gifts were solicited from directors and two interested friends, by the Social Service committee.
 - h. Purchasing clothing for 15 children for Christmas gifts with a check donated by a friend of the Association and arranging for 45 children to be the recipients of toys from the Kittery Naval Shipyard, and distributing same.
8. As increasing operational costs forced the directors to vote to abandon operations at the Health Camp at High Pine, the

HEALTH AND SANITATION

Association has been searching for new ways to serve the community. One such way successfully started by the Social Service Committee this fall was a "Clearing House" to lessen repetitious giving to certain families at the holiday season. At Christmas time food baskets, clothing, and toys were provided 55 deserving families, totaling 315 persons. These are all in addition to the persons served by our own nurses.

The following groups used our "Clearing House" to determine what families would be the recipients of their gifts, while other groups have indicated a sincere interest in these services next year:

Salvation Army
Town nurse
Rainbow Girls
Tri-Hi-Y Girls
Kiwanis Club
Girl Scout Troop #261
Boy Scout Troop #322
Sanford Baptist Church Sunday School
Blue Triangle Club
Sanford First National Store employees
A Local Physician

9. The nursing staff thanks the president and directors for their assistance in its endeavor to accomplish a cooperative program for the benefit of the community.

Respectfully submitted,

Pauline D. MacLeod

Supervisor of Nursing Services

REPORT OF THE ACTIVITIES OF THE SANFORD PARK COMMISSION 1964

This past year, 1964, was extremely productive for your Park Commission.

The year began with your commissioners making plans for the complete renovation of "Park on the Square". The large evergreen tree that dominated the park for decades was removed because of disease. The top had been removed, making it appear quite shabby. Two other stumps were removed from the park, and the shrubs along the perimeter of the park were also taken out. In planning the renovations, your commissioners wished to keep the Park as colorful as possible during all seasons. It was decided to replace the shrubs with evergreen shrubs, so that they would remain "full" the year around. We immediately began a search for an evergreen to replace the one that was removed. Through the generosity of Mr. Walter Reeks, we obtained a very beautiful tree to continue the tradition of having an evergreen dominating the Park.

Our appreciation is also extended to Mr. Richard Sampson, for his gift of the silver ash tree that was transplanted near the Square. The lawn was also subjected to some work, due to some low spots. Flower beds added much color during the summer. It is our sincere hope that the renovation has met with the approval of the community at large.

Another site of considerable improvement was our very fine baseball facility, Goodall Park. The fence, standing since the erection of the facility, estimated at about fifty years, was in poor shape. The boards were rotting and the supporting posts were leaning badly. It was decided by your commissioners to repair the entire fence around the facility, in two periods. The fence along Roberts Street, and along right field to center field and the section on the top of the hill from the grandstand to the corner on the top of the hill near left field, was all completely replaced.

It is our intention to continue the badly needed fence repairs this year to complete the job, and improve the condition there immensely.

A great deal of work and effort was put into the infield of Goodall Park. It has been the consensus of all visiting

RECREATION

the facility that Goodall Park was never in better condition. The swampy area in the Elizabeth Benton Playground, for many years a hazard to our children using the playground, was the target of a filling project. Besides removing the hazard, your commissioners feel that the newly acquired land will be useful in developing new recreational activities.

The annual summer series were again continued at the Bandstand, in the Gowen Memorial Park. As usual, the concerts proved to be as popular as ever.

The summer playground program continues to be successful as it grows. This year the total participants in the playgrounds was 14,637 children, an increase of 796 children over last year's attendance.

Due to the water shortage during the summer, your Park Commission in cooperation with the Sanford Water District limited the use of the wading pools.

Arts and crafts were offered the children at the three playgrounds, under the direction of the respective staffs. A new event to be offered this year was the field trip to the Benson Wild Animal Farm, in Hudson, N.H. The response to the event was much more than was anticipated. Two chartered buses, carrying a total of 75 children and four supervisors, carried the participants to a full day of wonderful entertainment and enjoyment. Besides the tour of the Farm, the children enjoyed their picnic lunch, amusement rides, cotton candy and souvenirs.

It is our hope to be able to continue this program, and also expand, during 1965.

Goodall Park undoubtedly the finest facility of its type in Northern New England, was the site of the 1964 New England Puerto Rican Regional Babe Ruth Baseball Tournament, during the first week of August. It has been reported by the Tournament officials that this was the most successful Regional Tournament in the past seven years.

Upwards of 4,500 persons attended the four day event. Teams and spectators from all six New England States and Puerto Rico were represented. Our facilities and community were praised by the visitors.

Much interest, of course, was stirred for our local people when the Triple C League entry, on which Sanford was well represented, battled its way to the finals.

RECREATION

Our Babe Ruth All Star team, for the fourth time in five years, won the Triple C League Championship. The Triple C League is comprised of teams in the Greater Portland Area. Additional laurels were heaped onto our Babe Ruth All Stars when, for the third consecutive year, they captured the Southwestern Maine Babe Ruth Baseball Championship.

In addition to the local Babe Ruth entry in the Triple C League, it should be noted that a four team local league is also operated in Goodall Park.

The Tennis instruction program, for the third consecutive season continued to be a great success. Tennis instructions are available daily in both the Springvale and the Elizabeth Benton Playgrounds, at no charge.

The courts in the Elizabeth Benton Playground were resurfaced this year, greatly improving the appearance and playing surface. It is the hope of your Park Commission to be able to do something about the condition of the courts in Springvale in the near future.

Continuing to improve our recreational programs, the Park Commission initiated a Flag Football League during the past fall. The program was very successful. Four teams were organized, playing at first on Saturday mornings and Monday afternoons. At mid-season games were switched to Sunday afternoon doubleheaders, and immediately drew more interest on the part of the parents.

In conjunction with the football program, a Football Jamboree was held, and also proved to be extremely successful.

The skating area in Gowen Park was again maintained, but due to the uncooperative weather the season was not considered as successful. Due to the poor freezing conditions during the recent years, your commissioners have approved the building of skating facilities in the area of the Elizabeth Benton Playground that have recently been filled. The area is 200 by 80 feet. A board fence has been erected along the perimeter of the rink, to allow hockey to be played. The fence and the work of keeping the ice surface in condition has been undertaken by a group of hockey enthusiasts under the direction of Mr. Elwood Hopkins, Jr.

As in past years, your Park Department purchased trees and sold same to Sanford and Springvale residents at cost for the beautification of properties. Any resident wishing to purchase trees to be planted on the street side of their property may do so by contacting the Park Department before April 1, 1965.

RECREATION

The success of our programs are dependent of many, many people who unselfishly give of their time and energy so that the young people of our community may enjoy and participate in worthwhile recreational activities. It is our opinion that the more our young people are kept occupied, the less time they will have to devote to activities that are not wholesome. To all of these devoted persons who have assisted us, in any way, we can only say "Thank you".

The members of the Park Commission are always on the lookout for ways and means of improving the present status in our parks and recreational programs. Your suggestions are, of course, always invited.

ATTENDANCE STATISTICS

Playgrounds:

Elizabeth Benton	4,888
Carpentier Park	5,509
Springvale	4,240
Field Trip	75

14,712

Goodall Park Participants:

High Schools	1,290
Babe Ruth League	2,380
Midget League	1,275
Unorganized Groups	850
Flag Football	980
Football Jamboree	93
Punt, Pass & Kick	80

6,948

Goodall Park Spectators:

New England BRL Tournament	4,500
High School Games	3,500
Local & Triple C BRL	1,000
Fourth of July Fireworks	3,500
Football	750

13,250

Grand total participating units	21,660
Grand total of spectator units	13,250

*GRAND TOTAL 34,910 persons

* The grand total of course, is the tabulation of spectators, and participants, in programs where a record is possible.

RECREATION

Many other programs are offered where a count cannot be obtained: examples are skating, band concerts, persons enjoying the many parks in our community.

CHARLES BLOUIN, Chairman

ERIC P. ALLAIN, Secretary

ROLAND LANGLOIS

ANNUAL REPORT

Town Clerk and Tax Collector

January 1 to December 31, 1964

REPORT OF VITAL STATISTICS

BIRTHS

There were four hundred and thirteen (413) births recorded in this office for the year 1964. This figure shows an increase of thirty-three (33) births as compared with the year 1963.

Of this number, two hundred and twenty-three (223) were of the male sex and one hundred and ninety (190) were of the female sex.

In addition sixteen (16) births were reported from other city and town clerks during this same period.

Telephone 324-2169 Office 324-2810

Secretary, Mary E. Pascucci
6½ Pearl Street, Sanford
Telephone 324-2689 Office 324-2810

Secretary, Beatrice P. Landry
29A Kilby Street, Sanford
Telephone 324-6098 Office 324-2810

Office Hours
8:30 to 12:00 noon 1:00 to 5:00 P.M.

SCHOOL SIGNALS

The "No School Signal" will be sounded only on those occasions when concern for the pupils makes it imperative.

Parents are urged to keep their children at home, even when school is in session, if road conditions in their locality are particularly hazardous.

Information on the "No School Signal" will be given over the following radio stations: Station WWNH, Rochester, N.H., and Station WSME Sanford.

The "No School Signal" for the High School is sounded at 6:45 A.M.

On occasions when the "No School Signal" is sounded at 7:45 A.M., there will be no school in the elementary schools for the entire day. The reason for this is the impossibility of securing buses and setting up bus routes during the noon hour. The signal for the afternoon session is sounded at 12:15 P. M.

EDUCATION

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

The opportunity to submit my first annual report on the schools of Sanford has arrived. Having assumed the duties of this office on March 1, 1964, I shall endeavor to report my observations and speak of the schools in general, also, specific areas in which I have had the opportunity to become more familiar.

My first observation was of the people in Sanford, who have assumed the responsibility of providing a very good school system. The cooperation of all departments, and citizens, have made this transition, for me, one I shall long remember.

The school census was taken on September 25th. We had an enrollment of 3031 pupils, the highest enrollment ever recorded in the history of the Sanford Public Schools. Total enrollment by grades is as follows:

Enrollment by grades (September 25, 1964)

Grade	Enrollment
S. P.	315
1	197
2	196
3	221
4	190
5	202
6	211
Sp. Ed.	22
Elementary Grades Total	1554
7	186
8	185
Junior High Total	371
9	312
10	298
11	256
12	236
P. G.	4
Senior High Total	1106
(This includes 338 tuition students)	
Grand Total	3031

EDUCATION

The Sanford Schools are faced with increasing enrollment problems, as are schools throughout the state and country. Our increases in budget appropriations invariably stress larger enrollments, additional teaching staff, adequate compensation for teachers, improved plant and maintenance, also, more equipment.

Increasing enrollment at the elementary level will necessitate future building needs, as the last available classroom will be in use this coming September. Realizing this, I would be remiss if I failed to bring your attention to the trends of this past decade. For example, consolidation of elementary schools into larger and more efficient units has become popular, as well as providing certain educational opportunities that can be had only if we have a centralized school serving an area. One certainly cannot deny that twenty rooms under one roof are more economical to operate and maintain, as compared to the equivalent of twenty rooms in three separate buildings. With this thought in mind, it is hoped that within another year some feasible plan for additional classrooms can be presented to the citizens of Sanford.

It became necessary this year to transfer pupils from one school to another in an attempt to keep classes of a size that would be conducive to good educational learning. In so doing it was necessary to provide more conveyance and the additional cost of such was reflected in the budget.

The physical facilities at the Junior High will take care of the normal increase expected. But the Senior High is definitely crowded at this time and some action is deemed necessary as the enrollment will continue to increase for the next five years.

Teaching Personnel

The teachers still continue to improve themselves professionally by taking additional courses of studies in their major and minor areas, as well as broadening their interest in other subject areas. I would not hesitate to compliment such a fine group of professional people, for I find them to be very good in their fields. This year we have somewhat deviated from past practice and brought in quite a few inexperienced teachers. In part, this was due to the low pay scale and the shortage of more experienced and qualified teachers, as well as the competitiveness which now exists between many communities in trying to obtain the experienced teachers.

The present type of pay scale by which we operate is based on college degrees and teaching experience, although in no case does the degree alone guarantee better teaching in the

EDUCATION

classroom. I make the above statement in an effort to point out that we have several non-degree teachers, who are nearing retirement. They do an excellent job and have dedicated themselves to the teaching profession, as well as providing many years of service to Sanford boys and girls. When retirement for them arrives we must seek experienced teachers, and to do so we will be forced to pay more than we are now paying these dedicated ones.

We need not only a revised scale but one that will be consistent with experience and training. The index type scale is proving popular. However, no scale will answer all problems, since the supply and demand of an item, more often than not, sets the price, and this becomes pure economics.

Professional Training and Experience of Sanford Teaching Staff during the 1964-65 School Year:

Years of Training	Men	Women	Total
5	12	6	18
4	32	56	88
3	3	4	7
2	0	15	15
1	1	0	1
	—	—	—
Total	48	81	129

Experience of the above teachers ranges from none at all to those who have a total of forty-two years.

Curriculum

I am pleased to report that improvements in the curriculum were made during the past year and to make this summary more inclusive the reports of other administrative staff will be included—namely, those of Dr. Lawrence Page, Principal, Sanford High School, Burt Whitehouse, Principal, Sanford Junior High, and Clyde Kimball, Elementary Supervisor and Principal of the Lafayette School.

Sanford, like every other school system, must always be alert to changing times and conditions that prevail in education. Curriculum study and improvement are a constant responsibility if we, as professional people, are to provide quality instruction to all pupils. Insofar as possible we will use modern methods as a way of enriching our present program. Experimental programs in reading and arithmetic are being conducted in the elementary grades, and an evaluation of progress will be forthcoming.

EDUCATION

Due to the heavy schedule for the Elementary French Supervisor, who was teaching grades 4 to 8 inclusive, it became necessary to employ another full-time teacher of French who now teaches at the Junior High School, thus allowing the Elementary French teacher more time for grades 4 through 6. This change is a step towards improving the Junior High curriculum so that we may eventually request accreditation for this school.

Accreditation for the Junior High School gives assurance of quality, as well as bringing prestige to the school system, a prestige which Sanford has traditionally received. Sanford has been recognized by leading educators both in and out of state for the quality and excellence of its school system. Sanford High School was the first Secondary School in York County to be accredited and we hope to receive the same distinction at the Junior High level. The Junior High accreditation will be, and should be, our next objective, for it will only be a matter of a few years and the elementary schools will need to be accredited. The main purpose of accreditation is to upgrade and improve the facilities, as well as evaluating the curriculum to see if it meets the present day standards and needs of the boys and girls.

Building & Grounds Maintenance

During the summer months the custodial staff under the direction of the Head Custodian were busy making minor repairs, painting, and general cleaning in every school building. Major repairs or changes are contracted. Following is an accounting of some of the accomplishments by buildings:

Edison: New furnace; new hardware on entrance and exterior doors, as well as refinishing and painting same; waterproofing front of building and removing loose ornamental decoration, as a safety precaution.

Hamlin: Installation of a fire escape from the second floor; stairways enclosed with fire resistant material and a fire door placed at the head of both stairwells; one classroom floor replaced.

Hawthorne: Painted exterior trim; repaired the concrete walls and clapboarded the area surrounding the rear entrance.

Lafayette: Interior painting including all classrooms and corridors.

Lincoln: Installation of new furnace, replacing original cold-fired unit; waterproofed front of building and removed flag staff from building as a safety precaution, relocating it in front of the building; painted boys' and girls' toilets and cafeteria floor.

EDUCATION

Roosevelt: Repaired roof and gave it one coat of roofing tar; replaced two window sashes and removed loose concrete from exterior of back wall.

Replaced broken glass at all schools; sanded the tops of students' desks and refinished library tables at the High School; pruning and landscaping at all schools with considerable attention being given to the Junior and Senior High School grounds.

The custodial staff is trying very hard to keep the buildings in good repair. For the next few years we will be working on a preventative maintenance plan.

I would be remiss if I neglected to recognize the work of the Cafeteria personnel who have made our School Lunch Program the success that it is. We are fortunate in that it is self-supporting.

General

All budget procedures are of sound practice and the decentralized system employed here in the Sanford School Department tends to make all personnel aware of increasing costs, thus focusing their attention on being frugal in all areas. Every effort is made to have maximum education at minimum cost.

It is the aim of your School Committee and Administration to meet the needs of Sanford children for excellence in educational opportunity, with due and sensitive regard for the ultimate cost to the Town.

The past year has been one of continuous growth and improvement and I would like to take this opportunity to thank everyone for the fine cooperation extended to me during my transitory period. My personal appreciation goes to the School Committee, Town Officials, Warrant Committee, School Personnel, and all citizens for making this a profitable year for our boys and girls.

Respectfully yours,

CARL E. BOWERS

Superintendent of Schools

EDUCATION

REPORT OF THE HIGH SCHOOL PRINCIPAL

TO: The Superintendent of Schools:

I hereby submit my annual report as Principal of Sanford High School.

The enrollment at the opening of school in September was 1110. At the present time it is 1083—a net loss of 27. The reasons for the dropouts were varied. Very few left because of lack of interest which would point up the fact that the offerings of Sanford High are varied and comprehensive.

The Class enrollments are as follows:

Freshmen	305
Sophomores	296
Juniors	246
Seniors	234
P. G.	2
Total	1083

Because of increased enrollment this year, it was necessary to hire another teacher in addition to five replacements. The new teachers, though all but one lacking in experience, are enthusiastic and should be valuable additions to the faculty as they gain experience.

Vocational

A cooperative part time training program will be instituted at the beginning of the second semester. This will be on a trial basis and if successful, will probably be enlarged.

Music and Dramatics

Band and Glee Club, under the direction of Mr. Everett Firth and Mrs. Agnes Tibbetts, have continued to be two of the finest musical organizations in New England.

The policy of producing three one act plays was successful last year and will be continued. These will be followed by another one act play for state competition.

Physical Education

With the rapidly increased enrollment, gym classes have definitely been too large. Some adjustment must be made for next year.

EDUCATION

Girls' Athletics

An undefeated softball team last spring, an opportunity for girls to play field hockey, basketball teams to take care of all that wish to play—all adds up to one of the strongest sports' programs for girls in the State of Maine.

Boys' Athletics

Sanford High School has been a participant in Class A football for three years after an enviable record in Class B. Two of the three years in A have been extremely difficult due to some extent to adjustments to much more difficult competition and to an specially severe schedule. A new alignment of Class A schools has been made for next year and consequently the football fortunes of Sanford High should improve considerably.

In basketball, a change in Junior High policy put in force this year and a willingness on the part of all the coaches to work closely together should begin to show results in a short time.

In wrestling, the Sanford High team last year won both the State and the New England Meets—the first time in the history of the school that a Sanford team has won a New England Championship.

Baseball also reached an all time high with a Telegram League Championship.

Track is still a struggling sport. Once more Sanford High will field a team in the spring.

Facilities

With the present large enrollment and a possible increase in the future, the question of adequate physical facilities is of paramount importance. All available space is now being used. Academic classes are being held in small rooms in the gym. There are three possible courses to be taken, as follows:

1. Dropping of tuition pupils of several towns.
2. Building an addition to the Senior High School.
3. Building an addition to the Junior High School.

If the last course were decided upon, it would mean that 9th grade students would be housed at the Junior High School and a 3-3 system put into operation. That would leave adequate facilities for the 10th, 11th, and 12th grades in the present high school buildings. Building of a Senior High addition to keep all four classes under the present system would mean not only more classrooms but additions to the library, cafeteria, and science laboratories.

EDUCATION

Guidance Department

Additional material on career information has been purchased during the last year. This material has been very valuable not only for reference by all students but for use in group guidance with the counselor. Occupational planning based on current facts and trends, with an opportunity to bring this information to students, is vital to an adequate guidance program.

As usual Sanford High School graduates have been accepted by colleges in all parts of the United States. Three seniors of the class of 1964 were accepted at the U. S. Naval Academy at Annapolis—an unusually high number from one school.

Recent graduates are attending the following:

Annapolis
Aroostook State Teachers College
Ball State Teachers College of Indiana
Barrington College
Bates College
Berry College of Georgia
Boston University
Bowdoin College
Colby College
Cornell University
Dartmouth College
Eastern Baptist College
Farmington State Teachers College
Gordon College
Gorham State Teachers College
Howard University
Johns Hopkins University
Maine Maritime Academy
Massachusetts Institute of Technology
Massachusetts School of Pharmacy
Nasson College
New York University
Northeastern University
Notre Dame University
Plymouth State Teachers College
Tufts University
University of Bridgeport
University of Connecticut
University of Massachusetts
University of Maine
University of New Hampshire
University of North Carolina
Wesleyan University

Francis Keppel, U. S. Commissioner of Education, has voiced what we, in education, all feel: "We are living in a period which has been truly called a race between civilization and catastrophe. We are confronted by domestic dangers that become increasingly visible when we look at the wave of unemployed youth coming toward us . . . at the millions of high school students who are dropping out of school in this decade and entering the ranks of the unemployed because they lack employable skills . . . at the explosion of knowledge and technology which education must grasp and prepare our people to comprehend."

The faculty and administration of Sanford High School realize fully their responsibility. Every effort has been made to keep the curriculum up to date and adapted to the rapidly changing world and we must continue to develop the broad program which has been underway here for several years.

In conclusion, I should like to express my appreciation to Superintendent Bowers, to the members of the School Board, and to the citizens of Sanford for their valuable and whole-hearted support.

Respectfully submitted,

LAWRENCE L. PAGE

Principal

EDUCATION

ANNUAL REPORT OF THE
GENERAL AND VOCATIONAL EVENING SCHOOL
PROGRAM FOR 1964

A total of thirty-one different courses were offered this year at the High School, Vocational and Junior High Schools. There were 572 people involved in 29 different classes. General courses participated in were the High School Equivalency, Mathematics, Americanization, Bookkeeping, Typing, French and Shorthand. Vocational courses were as follows: Furniture and Fabrication, Machine Shop, Welding—Electric and Helarc, Blueprint Reading, Sheet Metal Lay-out, Mathematics—Trig, Industrial Sewing, Commercial Art, Automotive, Technology, Oil Burner Maintenance—Basic and Advanced, Driver Training, Technical Auto.—Electrical—Basic (Fuel & Carburetor), Technical Auto. Electrical Advanced—(Front End Alignment), Auto Mechanics—Basic, Farm Welding, Farm Carpentry, Rug Making, Dressmaking, Landscaping, Dairy Management, Home Horticulture and Power Stitching at Sanford Shoe Co.

Ten people are required to start any class. Any group of ten people may request a course and it will be set up with a qualified teacher. If the number in attendance drops below eight it will be cancelled.

It is now possible for a person who has dropped out of school to start a program to earn credits to complete the requirements for his or her diploma. We are also offering the High School Equivalency Program whereby after the ten weeks course is completed an examination is taken at Gorham State Teachers College and if passed insures the issuance of a Certificate of Equivalency . . . which is comparable in many instances to a High School Diploma.

We wish to thank all who cooperated in making these classes possible—Mr. Bowers, our Superintendent, the School Committee, as well as those who participated as students in the classes and the dedicated teachers.

Respectfully submitted,

CARL J. LAMB, Director

JACK WEBB, Asst. Director

EDUCATION

REPORT OF THE JUNIOR HIGH PRINCIPAL

TO: Superintendent of Schools
FROM: Principal of Junior High School
SUBJECT: Annual Report

I hereby submit my report as Principal of Sanford Junior High School.

Enrollment

The enrollment of Sanford Junior High School as of September 8, 1964 was 372. The present enrollment is 373, an increase of 1 since September.

Daily Attendance

The daily attendance continues to be exceptionally good at Sanford Junior High School. Percentage wise the daily absenteeism is between four and five percent of the total enrollment.

Faculty

Changes in the teaching staff at Sanford Junior High School during the past year have been as follows: Mr. John Cochin replaced Mr. Kenneth Johnson in grade eight science. Mr. Johnson is now Principal of Longfellow School. Mr. Maurice Merrifield is teaching Mathematics in grade seven. Miss Patricia McKelvey has replaced Mrs. Gladys Waddington in grade seven Language Arts. Mrs. Waddington retired last June. Mr. David Walely has replaced Mrs. Norma Boucher in grade eight as Social Studies teacher and School Librarian. Mrs. Boucher resigned last August.

An additional teacher, Mrs. Muriel Sladen, has been assigned to teach in the area of Modern Language.

Condition of Building, Equipment and School Grounds

The building, equipment and school grounds still remain in very good condition.

Curriculum

The following revisions were made this year to improve learning situations and provide opportunities for broader explorations:

1. A full year of French is now offered to both grade seven and eight in the field of Modern Language.
2. Class periods per day has been changed from six to seven.

EDUCATION

Cafeteria

Beginning in September, Sanford Junior High started to use its own cafeteria. The program is working out very successfully under the competent leadership of Mrs. Alice Davis, Mrs. Lois Farwell and Mrs. Josephine Gregory.

The faculty and students enjoy using the cafeteria very much as it has greatly improved the programming of the Junior High. Pupils and faculty are now able to eat at an earlier time and do not have to leave the building in stormy weather.

Achievements

Last May the pupils of Sanford Junior High scored very high on a standardized achievement test. Their average achievement was well above the national norm.

At the Western Maine Music Festival held in Biddeford last May, both Sanford Junior Band and the Sanford Junior High Glee Club received excellent ratings.

During a school assembly last June, 196 boys and girls received certificates for participating in the Marine Corps Physical Efficiency Program. Also, at the same assembly Sanford Junior High School received a Certificate of Appreciation from the State Department of Education for its service as a Physical Fitness Demonstration Center during the 1963-1964 school year.

School Approval

In September, 1964, Sanford Junior High School received from the State Department of Education a certificate of renewal for an approved secondary. Plans are being made in having Sanford Junior High School become an accredited Junior High School.

In conclusion I wish to thank the members of the Sanford School Committee, Mr. Bowers, members of the Junior High School Faculty, parents, pupils, and custodians for the excellent cooperation given me during the past year.

Respectfully submitted,

BURT WHITEHOUSE

Principal

EDUCATION

REPORT OF SCHOOL NURSING SERVICE — 1964

Following is the report of the school nursing service for the past year, with one full-time nurse and one nurse five hours daily at the High School. Two physicians are employed for physical examinations, one optometrist for vision examinations, and one podiatrist for foot examinations. The attending health officer, Dr. A. S. Lincourt, attends and administers at all immunization clinics for the prevention of contagion.

1. **Physical Examinations.** 1308 given by Dr. Melvin Bacon and Dr. Marion Moulton, to students in the 1st, 4th, 7th, and 9th grades. This year Sophomores were done, all new students in all the grades, and parents were notified of deviation, and follow-up by own physicians advised. Follow-up slips are checked very closely.

Urine exams were done at the same time for the above group of students, and abnormal findings advised for own doctor's care.

2. **Vision Program.** 773 High School students were given examinations by Dr. Kenneth Kornetsky—and 38 referrals were made to own optometrist for more complete study.

3. **Program for Foot Care.** 414 examinations were given by Dr. Henry Landers, podiatrist. Many were referred for more foot and limb attention, and some minor cases to the local clinic. Time did not allow to go into the High School.

4. **Program for Hearing Conservation.** The same grades as above were routinely checked. 949 were checked, 38 were below average. Recheck on below average was made again during the school year.

5. **High School Health Unit.** Nurse in attendance five hours daily. 2109 students visited the unit during school hours. Nurse sent out x-ray reports and notices for teachers and school personnel. 103 x-ray reports received.

6. **Dental Health Program.** This program was new in early 1964. National Dental Week was observed in our schools. 203 tooth brushes with paste given out, and 1844 pieces of dental literature with a follow-up letter of appreciation to parents for their cooperation. Publicity was given this program in the papers. A demonstration was given by the nurse in the Roosevelt School. Local dentists have shown interest and will stimulate this program educationally in 1965.

EDUCATION

7. **Immunization Program.** A BIG STEP. Sabin oral polio vaccine given in all our schools to students, teachers and school personnel. 35 clinics were held to complete this program for doses I, II, III — 4872 doses were given.

8. **Vaccinations.** 71 were given. Dr. A. S. Lincourt, our faithful Health officer, spent endless hours and patience with us on this program.

Other Interesting Factors

- a. There are six home instruction students—one at the school for the deaf.
- b. Free milk was given by the Searchlight Club.
- c. Free lunches were given as needed.
- d. Health Units were open for Education Week.
- e. Health program reviewed with new teachers.
- f. We are members of the School Health Association.
- g. We are working on T.B. testing in our schools.

Health appraisal is an important feature of the school health service. This service must be constantly alert in the identification of those pupils with conditions that interfere with effective learning. They are discovered by observation of teachers, analysis of school records, sick excuses and absences, and physical examinations.

Closely working with parents for better understanding is very necessary.

This has been another school year of interesting work. At this time I again wish to thank the doctors and all the school personnel for their kindness and cooperation.

Respectfully submitted,

HAZEL L. DROWN, R.N.

School Nurse

EDUCATION

REPORT OF THE ELEMENTARY SUPERVISOR

To the Superintendent of Schools:

I hereby submit my report as Elementary Supervisor.

The enrollment of the eight elementary schools as of November 18, 1964, was 1554. This is an increase of 72 pupils over last year.

Enrollment:

Edison	238
Emerson	249
Hamlin	177
Hawthorne	26
Lafayette	209
Lincoln	246
Longfellow	241
Roosevelt	168
Total	1554

The Teachers:

Nine new teachers have been added to the elementary school staff:

Miss Susan Day	1st grade, Edison
Mrs. George Rand	5th grade, Edison
Mrs. Robert Blake	4th grade, Emerson
Mrs. Albert Guy	5th grade, Emerson
Mrs. Arthur Roberts	5th grade, Emerson
Miss Janet Phipps	Sub-primary, Longfellow
Mrs. Frank Abbott	1st grade, Longfellow
Mrs. Richard Gilman	4th grade, Longfellow
Mr. Kenneth Johnson	6th grade, Longfellow
(Transferred from the Junior High)	

This year we added a new 6th grade at the Hamlin School to keep the teacher-pupil ratio under 30.

We had to add a new 5th grade at the Emerson School this fall to take care of the large 5th grades at the Edison, Longfellow, and Emerson.

We are transporting children by busses from one school to another to try to keep the classes under 30 if possible.

All elementary children were given achievement tests last spring and Sanford stands out well in the National average.

EDUCATION

The second and fifth grades were given Intelligence tests this fall.

Curriculum

We are continually improving our Modern Math program—selecting and using what we think will help the Sanford school children. Like all new changes in curriculum, not all of it is usable under certain circumstances.

At the Hamlin School a reading program to diagnose student reading ability, to correct inefficiencies if possible, and create interest in reading, has been initiated. All fifth and sixth grade students are given a reading survey test in September. From the results of these tests children are grouped according to their ability and capacity to improve.

At the Roosevelt School a new phonetic program is being used, along with their basic reading program.

Our new library outside reading program is proving very successful. More and better books are being read every year. We want to extend our appreciation to the Sanford and Springvale libraries for the work they do in supplying the elementary schools with books.

The French Program has been increased from two twenty-minute periods to three twenty-minute periods a week in the fourth, fifth, and sixth grades.

We are revising the film strip program this year. It will be ready to be put in use by the first of the year. We will have a library of over 800 film strips for the teachers to use, along with all subjects in our curriculum.

T. V. Educational programs are being used along with our regular Science, Music, French, Art, and Math programs.

An Elementary Teachers' Guide was compiled this year by the Elementary Supervisor, which should be of help to all teachers and principals of the Sanford school system.

The revision of our curriculum has been completed. Within a short time all elementary teachers in Sanford will be using the same books in each school. This will improve the educational opportunities of our children.

Sports and Equipment

The playground of each school is in better condition than ever before. Our athletic program is improving each year.

EDUCATION

Basketball is being taught at the Junior High School gymnasium to our fifth and sixth grades, during the winter months. We have been running a softball league and for the first time, we ran a touch football league this fall.

Mr. Guilford of the Emerson School, Mr. Brown of the Edison School, Mr. Hurd of the Hamlin School, Mr. Johnson of the Longfellow School, and Mr. Kimball of the Lafayette School, have been coaching the baseball and football. Mr. Blouin and Mr. Cochin have been handling the basketball.

I have enjoyed working with the principals and teachers on problems of pupils' behavior, scholastic problems, teaching when needed, visiting classes, and helping principals or teachers when needed.

I wish to thank Mr. Carl Bowers, the Superintendent, the School Committee, Elementary Principals, and classroom teachers, for their assistance and cooperation.

Respectfully submitted,

CLDYE KIMBALL

Elementary Supervisor

ANNUAL REPORT

of the Selectmen, Assessors and Overseers of the Poor

January 1 to December 31, 1965

In reviewing the year 1965 we feel that much has been accomplished.

Another section of permanent construction was completed on Main Street, Sanford, and while money was raised to do a section of upper Main Street in Springvale, the project could not be done this year because it is necessary to wait for the Water District to install a new main. This should be completed in the coming year.

Sprague Electric locating in Sanford was a decided boost to our economy. American Cyanamid has increased their production by adding more machinery, which is also encouraging.

The new nursing home, expansion of the Henrietta D. Goodall Hospital, new repair hangar and lounge facilities at the Municipal Airport, expansion at Nasson College, and increase in building permits for new homes, all are definite signs of progress in our community.

We have been able to hold the line on our welfare accounts which we hardly expected to do with Pioneer Plastics moving out. This, of course, was possible by our other industries increasing employment and our continued careful screening of applicants.

The cooperation of all departments continues to be very commendable, and this is very important in giving you the best service possible. Our clerical staff continues to give us their best efforts.

With the acceptance of Urban Renewal, building of a new fire station, building of a new town garage, the formation of the Housing Committee, to name a few of the many projects for the coming year, we look forward to one of the most progressive in the history of the town.

We pledge ourselves to continue to manage the town affairs as prudently as possible in the coming year.

Respectfully submitted,

NORMAN S. HALL

THEODORE C. GAUTHIER

BRUCE C. CARLSON

PROTECTION OF PERSONS AND PROPERTY

REPORT OF THE BOARD OF ENGINEERS OF SANFORD FIRE DEPARTMENT

The stations are in good condition—the Springvale station is in much better condition than the Sanford station. One door at Springvale was made wider and an overhead door installed to accommodate the Aerial Platform—other doors will be made wider in 1966. The stations are maintained by the permanent force. The Sanford station will be replaced so very little will be spent to maintain it.

The first line apparatus is in good working condition. Some of the tank trucks, used in the country and on woods fires, are either underpowered or worn out. The department is in need of a brush truck to replace a worn out 4 wheel drive truck. All apparatus is being placed under a preventive maintenance program. This will give us a complete history of each piece of apparatus.

Hose, appliances and other equipment used by the department, are maintained by the permanent firemen and are in good condition. We will soon be using some 3 inch hose for a water carrier instead of the 2½ inch.

The fire alarm is being enlarged each year to accommodate the areas not covered. The system is in good working order but many changes must be made in the near future.

Records are being introduced so we will have a history of each piece of hose, each fire alarm box and all other equipment used by the department. A daily log is kept at each station.

The training program has been stepped-up so drills are held the year round instead of spring and fall.

The prevention program has been revised and we feel our new set-up will develop into a very good Fire Prevention Program. We now have a Junior Fire Marshall Program in the grade schools. This program teaches the students the dangers of fire, how to prevent same and how to conduct themselves in case of fire. We also conducted a very successful Fire Prevention Week program.

We wish to thank the Board of Selectmen, Mrs. Roberts and the office girls, Officers, Permanent and call firefighters, Springvale Ladies Auxiliary, Police Department, Water District, Highway crew and each and every person who helped us during 1965.

FREDERICK HAMMOND, Chief

GERARD MARTEL

1st Deputy Chief, Sanford Station

1st Deputy Chief, Springvale Station

GLENDON CLARKE

2nd Deputy Chief, Sanford Station

KEITH GOODRICH

2nd Deputy Chief, Springvale Station

PROTECTION OF PERSONS AND PROPERTY
REPORT OF THE CLERK OF
THE SANFORD FIRE DEPARTMENT

February 1, 1966

To the Municipal Officers of the Town of Sanford

I hereby submit the following report for the year 1965

The Department has responded to 251 calls—22 bell alarms, 221 still alarms, 8 false alarms and 12 drills.

Estimated value of property endangered	\$727,435.00
Damage to property endangered	3,950.00
Insurance paid on property endangered	3,450.00
Net loss	500.00

Total feet of hose laid	47,525 ft.
Total pounds of chemical used	30 lbs.
Total feet of ladder raised	881 ft.
Miles apparatus traveled	1,437.9 miles

Respectfully submitted,

JAMES O. HAMMOND

Clerk

Respectfully submitted,

RALPH C. RODGERS, Chief

Motor Vehicle Accidents — 1965

Official records of the Sanford Police Department. The previous year—1964—is also submitted in order that a comparison can be made with this report of 1965.

	1965	1964
Major accidents	271	255
Minor accidents	434	392
Estimate of property damage, major & minor accidents combined	\$142,587	\$138,316
Total, major & minor	705	647

Major accidents consist of property damage of \$100.00 or more and/or personal injury.

Minor accidents consist of property damage of under \$100.00 and no personal injury.

Our accidents happened on the following days:

	1965	1964
Sunday	96	66
Monday	70	63
Tuesday	90	72
Wednesday	83	98
Thursday	85	93
Friday	147	127
Saturday	122	131

and they happened between the following times:

Midnight to 3:00 a.m.	25
3:00 a.m. to 6:00 a.m.	12
6:00 a.m. to 9:00 a.m.	70
9:00 a.m. to 12:00 noon	104
12:00 p.m. to 3:00 p.m.	106
3:00 p.m. to 6:00 p.m.	164
6:00 p.m. to 9:00 p.m.	115
9:00 p.m. to 12 midnight	65
(1964 figures not available)	

and the operators between these age groups were involved:

	1965	1964
under 20	203	262

PROTECTION OF PERSONS AND PROPERTY

20 to 30	263	208
30 to 40	192	173
40 to 50	139	148
over 50	275	250

because of some of these causes:

- 28 were speeding
- 7 were under the influence of liquor and arrested
- 2 were driving so as to endanger another person
- 27 were driving in an imprudent and incautious manner
- 139 failed to stop at a stop sign or failed to yield the right of way to the other driver
- 47 were following the other car too close
- 44 improperly overtook the other car
- 21 were on the wrong side of the highway
- 7 operators were operating their car with faulty brakes
- 10 failed to signal when making a turn
- 77 operators were involved in accidents for numerous other causes

The following classes indicate the types of accidents:

	1965	1964
Pedestrians	6	21
Motor vehicle	592	621
Bicycles	24	5

(NOTE:—The increase in bicycle-car accidents continues to point out the fact that the town needs more control over the bicycles, with an ordinance to register same and some type of educational program in the use of these bicycles.)

	1965	1964
Vehicles ran into fixed objects	42	53
Vehicles overturned	13	12
Vehicles ran off the highway	24	54
Vehicles were non-collision other reasons	8	31
Operators were arrested due to some traffic violation in these accidents	38	

Sanford, Maine, closed out the year 1965 with two highway fatalities, as compared to none in 1964.

These figures tend to speak for themselves and we hope that to those who may study this report, there will be born a sincere desire from each one of us to be a better driver. Strive to be a more courteous driver and give the other fellow a break—he may feel he needs it but he may be the driver that doesn't live to tell about it.

HAPPY TRAVELING

Other Buildings	6	1,365.00
Void Permits	(2)	
	312	\$ 3,280,329.00

28 permits appealed; 2 denied; 26 granted

The above listed total value of building permits issued in 1965 is the greatest amount for any one year on record. It indicates that Sanford and Springvale are still growing, despite the industrial setback of a few years ago. Construction of all kinds continues to spread out over the entire township, as permits have been issued covering areas toward all boundaries of the town, as well as in the presently highly populated areas.

The job of Building Inspector is now one that should be on a full time basis, as more and more duties have been assigned, and are still being assigned, to this office. Urban Renewal, housing for the aged and low income families under the Housing Authority, neighborhood analysis, etc., require

PROTECTION OF PERSONS AND PROPERTY

more and more time and area coverage than in the past. The number of permits listed above show that 600 inspections are necessary during construction according to the ordinance, requiring many miles of travel.

The Zoning Ordinances of the town of Sanford are for the protection of all citizens, and if we realize this, our town will grow in the right atmosphere for the future.

About one-third of the total amount listed above is taxable. Institutions, schools and municipal projects are not taxable but add to the growth of the town and reflect the type of a community we live in. The citizens of this town should take pride in it and strive for a continuance of its growth and well-being in the future.

The office of Building Inspector is at your service and I hope all will feel free to contact me for any questions you may have in relation to the Zoning Ordinance of the town.

I wish to take this opportunity to thank the Selectmen, Town Clerk and all office personnel for their kindness and cooperation during my first year in office.

Respectfully submitted,

FORREST L. PILLSBURY

Building Inspector

REPORT OF

CIVIL DEFENSE AND PUBLIC SAFETY

December 31, 1965

To the Honorable Board of Selectmen:

Gentlemen:

Another year has passed, and through every effort we have tried to make it successful.

The public has become closer to Civil Defense and played a very big part in it this year.

We feel that this past year has been a great gain to Sanford, with purchases made from Government Surplus. Our local Civil Defense has reached the point of being well equipped, as well as our Civil Defense Police being fully trained, for any type of a disaster or a nuclear war, if we are ever confronted with such a disaster. We are still very proud of our Mass Feeding Unit, which is available and ready 24 hours a day.

Our new Communications Center is almost completed, with County and also Mobile Units.

I wish to take this time to thank all those persons who have aided me in my attempt to make "Civil Defense and Public Safety" program workable since my appointment as Director.

Respectfully submitted,

RALPH MARSHALL

Director

HEALTH AND SANITATION
REPORT OF THE
HEALTH OFFICER FOR THE YEAR 1965

February 1, 1966

To the Selectmen, Town of Sanford, Maine

Gentlemen:

As Health Officer for the Town of Sanford for the year of 1965, I herewith respectfully submit a report of health activities during the current year.

Medical and surgical care was given to welfare cases when and where needed. Town and State patients were visited and cared for at the Town Infirmary and surrounding nursing homes. Office and house visits were rendered to patients needing care and treatment.

As required by State Law a free clinic was held at the Sanford Town Hall. These were well attended. Mrs. I. McCann, Town Welfare Nurse, assisted.

As in previous years all public and parochial schools were visited. School children with consent of parents were vaccinated against smallpox and innoculated against diphtheria, whooping cough and tetanus. Initial doses were begun when needed, boosters were given at all schools and at four public clinics held at the Sanford Town Hall. The response to this was very good.

All clinics were under the supervision of the School and Community Health Association nurses. As in the past they continue to be good organizers and working with them has been a pleasure.

Infringements of plumbing and sanitary laws were investigated as received.

Contagious diseases were dealt with as required by law.

Respectfully submitted,

A. S. Lincourt, M. D.

Health Officer

gmb

HEALTH AND SANITATION

REPORT OF THE

COMMUNITY HEALTH ASSOCIATION, INC. — 1965

To the Citizens of Sanford:

The Community Health Association provides an organized community service, under the guidance of a 30-member Board of Directors, and rendered by two graduate registered nurses to the individual, family, and community. This service includes the interpretation of medical, sanitary, and social procedures for the correction of defects, prevention of disease, and the promotion of health, as well as the skilled care of the sick in their homes.

Following is a report of the highlights of our activities during 1965:

Bedside Nursing

- 363 Visits to acutely ill patients and office calls
- 735 Visits to chronically ill patients

Home Visits for Health Supervision and Education

- 218 Visits to cancer patients
- 356 Visits to cardiac patients
- 294 Visits to crippled children and adults
- 261 Visits to tuberculosis patients, suspects and contacts
- 80 Visits to diabetic patients
- 817 Visits to infants, pre-school and school children
- 603 Miscellaneous calls
- 5 Venereal disease calls

Clinics

Ten Monthly chest X-ray clinics were held at the Goodall Hospital in conjunction with the York County Tuberculosis and Health Association. 106 patients, suspects and contacts were X-rayed.

Seven foot clinics were held with Henry P. Landers D.S.C. in charge, assisted by the staff nurses. Examinations and recommendations were given to 29 individuals.

Ten Immunization clinics were held at the Goodall Hall of the Unitarian Church, Walter R. Peterlein, M.D., was in charge, assisted by the nurses and volunteers from the Board of Directors. The following were administered:

- 328 Sabin oral poliomyelitis vaccines

HEALTH AND SANITATION

- 191 Diphtheria, pertussis, tetanus injections
- 45 Smallpox vaccinations

Parochial School immunization clinics were also arranged by the nurses. Armand S. Lincourt, M.D. administered:

- 394 Sabin poliomyelitis vaccines
- 96 Diphtheria and tetanus injections
- 161 Smallpox vaccinations
- 205 Tuberculosis Tine tests in the 1st & 7th grades

The annual Diabetes Week urine testing program was co-ordinated by the Directors at the request of Melvin Bacon, M.D., Chairman of the Diabetes Committee of the Maine Medical Association. Approximately 3,000 urine tests were done in the community.

Many local organizations availed themselves of our "Clearing House", administered under the able direction of Mrs. Anne Kornetsky. This service has proved its worth many times over since its inception three years ago. This year 80 families of approximately 500 adults and children were handled during the Thanksgiving and Christmas Holidays. 26 church, civic, fraternal and service club organizations and 2 private citizens gave food baskets, clothing and toys. The Portsmouth Naval Shipyard also furnished toys for 65 children. All referrals were made by the Town Nurse, the School Nurse and the Community Health Association Nurses.

The monthly meetings of the York County Public Health Nurses' Group were attended by our nurses, as well as many other educational programs. It is through these media that we are able to obtain that information so vital to the performance of our duties.

We were privileged to be co-hosts with the Hospital Auxiliary to the membership meeting of the Maine State Nurses Association, Western District, held at Nasson College on May 12th.

Other services performed by the Association number many and run the gamut from procuring 180 children to attend the Shrine Circus to helping the Town Nurse sort and distribute the Xmas toys provided by the Portsmouth Naval Shipyard.

Our functions may be summed up in the objectives of all public health nursing services:

1. To assist in educating individuals and families to protect their own health.

HEALTH AND SANITATION

2. To assist in the adjustment of family and social conditions that affect health.
3. To assist in correlating all health and social programs for the welfare of the family and community.
4. To assist in educating the community to develop adequate public health facilities.

To this end we have labored throughout 1965, and we extend our thanks to each and every one who in any way helped with the preceding program.

Respectfully submitted,

MAROLYN P. ROBERTS, R.N.

RECREATION

REPORT OF THE ACTIVITIES OF THE SANFORD PARK COMMISSION 1965

This past year was one of great progress for your Park Commission. Several new programs were introduced and many improvements undertaken in existing programs.

One of the most successful new programs of the Park Commission this year was the ART EXHIBIT held in August in the Central Square Park, in central Sanford. Many local artists, both professional and amateur, exhibited their works of art for the general public to enjoy. Several works by well known artists from throughout the area were also included in the open air art exhibit.

It has been estimated that several thousand persons perused through the park and enjoyed the display. Because of the outstanding acceptance of the program, the Park Commission will continue this as an annual event.

Without any doubt, the new NATURE STUDY PROGRAM, that was conducted in the Edward H. Gowen Memorial Park was the most successful new program instituted in our playground program in recent years. The program was held daily, three mornings and two afternoons, each week. We are looking forward to another great season with this program next year.

Other new programs that were introduced this year and were very well accepted were baton twirling lessons and doll clothes sewing lessons.

Improvements and expansions were made in the Arts and Crafts program, as well as the general playground programs.

Several new pieces of equipment were added to the Carpenter Park Playground, on the east side of town. The existing equipment received a new face, with multi-colored paint.

The field trips that have proved so popular with the children in recent years continued to enjoy that status, with trips this year to the Benson Wild Animal Farm, in Hudson, New Hampshire and Pleasure Island in Wakefield, Massachusetts.

As usual, our summer series of weekly band concerts were held in the Gowen Memorial Park Bandstand.

RECREATION

Goodall Park saw optimum use, with activities scheduled from the early part of April until the first of November. Goodall Park is used by both local high schools, Sanford and St. Ignatius High Schools, the Sanford-Lebanon Babe Ruth League, the Triple-C Babe Ruth League and the Sanford-Springvale Midget Football League regularly as well as other groups for special events.

Work was continued in the improvement program at Goodall Park, with the erection of the new fence along the perimeter of the park.

The beautification of our community was continued with the annual program of tree planting, and the flower beds maintained in the Central Square Park.

The community mourned the tragic passing of Charles H. Blouin, a veteran of many years on the Sanford Park Commission. Mr. Blouin was devoted in his service to the community. He was very proud of Sanford and Springvale, and his goal was to beautify the community. He was also very interested in the youth of our community, and devoted many hours to the recreational programs of the community.

ANNUAL REPORT

Town Clerk and Tax Collector

January 1 to December 31, 1965

REPORT OF VITAL STATISTICS

BIRTHS

There were three hundred and ninety-four (394) births recorded in this office for the year 1965. This figure shows a decrease of nineteen (19) births as compared with the year 1964.

Of this number, two hundred (200) were of the male sex and one hundred and ninety-four (194) were of the female sex.

In addition sixteen (16) births were reported from other city and town clerks during this same period.

NO SCHOOL NOTIFICATION

The "No School Signal" will be sounded only on those occasions when concern for the pupils makes it imperative.

Parents are urged to keep their children at home, even when school is in session if road conditions in their locality are particularly hazardous.

On the occasions when the No School Signal is sounded there will be no school for all pupils for the entire day.

Official notification will be given whenever possible over the following radio stations: WSME, Sanford; WWNH, Rochester, N. H.; and WCSH, Portland (Time 6:45 A.M. and 7:15 A.M.).

The fire alarm will sound 4 times at 6:45 and 7:15.

When it becomes necessary to suspend the afternoon session of school the signal will be given at 11:00 A.M.

EDUCATION

ANNUAL REPORT OF THE
SUPERINTENDENT OF SCHOOLS

To begin this report I would like to say that the community should be commended on the fine educational program that is made available, not only to its youth, but to the adult population as well. All this is made possible because it is your wish and desire that the Sanford School System be one of the best in the state. The old saying that Education and Industry are inseparable has proven to be true in Sanford and, therefore, we must keep abreast in elementary and secondary education if we intend to attract new industry. This past year several inquiries were made regarding the future plans for expanding the present facilities, thus eliminatng over-crowded classrooms and consolidating some of the grades so as to provide a more workable unit. A unit of this type would eliminate many duplications and allow more time for class instruction.

The school population for the past two years is listed below:

Grade	Enrollment	
	Sept. 25, '64	Sept. 13, '65
Kindergarten	315	333
Grade 1	197	214
Grade 2	196	185
Grade 3	221	193
Grade 4	190	202
Grade 5	202	195
Grade 6	211	200
Sp. Ed.	22	17
Elementary Grades Total	1554	1539
Grade 7	196	217
Grade 8	185	192
Junior High Total	371	409
Grade 9	312	319
Grade 10	298	293
Grade 11	256	274
Grade 12	236	228
P. G.	4	6
Senior High Total	1106	1120
(This includes 338 and 337 tuition students, respectively)		
Grand Total	3031	3068
(A net gain of 37)		

EDUCATION

As stated in the reports of the Principals, which follow this report, we are crowded, and all classrooms are being used at the present time, as well as other substantial available areas. But once again you have shown good faith in your schools by appointing a Study and Building Committee at the regular Town Meeting held in December, to study and recommend what we should do at the next special or regular Town Meeting.

Insiruction

New French textbooks were adopted for use in grades 4-12. Several meetings were held in an effort to coordinate and select these basic texts. We were fortunate to have as consultant Edward Booth, Foreign Language Supervisor from the State Department of Education.

The services of a speech therapist were acquired to provide training for those needing assistance in speech problems and to assist in the individual testing of children for the Special Education classes.

An In-Service Art Workshop was conducted for three days in September, for all teachers of Kindergarten through Grade six.

During the year a non-graded program was initiated at the Roosevelt School. Thus emphasis was placed on individualized reading to meet the fullest practical development of the potentialities of every pupil. This program utilizes teachers to the fullest extent and there is little doubt that other school work will improve as a result, therefore helping pupils to progress to the best of their ability.

Teaching Personnel

The constant "turn-over" of faculty members can only be eliminated by competing with other communities in the limited supply of experienced teaching personnel. The competition is especially keen in the towns surrounding the Sanford area. In an attempt to keep present teachers and to attract more teachers of high professional competence, the following salary schedule was adopted to become effective in September of this year:

Step	Non-Degree	Bachelors	Masters
0	\$ 3520.	\$ 4400.	\$ 4752.
1	3696.	4576.	4928.
2	3872.	4752.	5104.
3	4048.	4928.	5280.
4	4224.	5104.	5456.
5	4400.	5280.	5632.

EDUCATION

6	4576.	5456.	5808.
7	4752.	5632.	5984.
8	4928.	5808.	6160.
9	5104.	5984.	6336.
10	5280.	6160.	6512.
11			6688.
12			6864.

It is our intention to have teachers placed according to the above for the coming year, and this is the first time for a number of years that we have fully implemented our schedule.

It can't be emphasized enough that salaries of teachers should be sufficient to retain the services of the best qualified, thus making a sound investment. Such an expenditure as this goes a long way in meeting one of the basic objectives of education, and that is to develop every boy and girl according to natural endowment.

Even with this schedule, Sanford has dropped from 21st place to 31st place this year in towns and cities with a population of 10,000 and over. Therefore, it will be necessary to revise it as soon as possible.

Repairs and Maintenance

During the summer months the usual cleaning of all schools, and washing of all desks, as well as minor repairs, were made. Major repairs are listed by schools.

At the Edison School all the steel window sashes were removed and replaced with aluminum sashes. Each one of these sashes permits the bottom window to open. Very few of the old sashes could be opened. A new clock and bell system was installed which includes a fire alarm system for all three floors. New lights were installed in one classroom. This completes our classroom lighting project started two years ago. Replacement of badly needed tiles in the corridor and classrooms has improved the appearance of the building, as well as making it easier to maintain.

At the Lafayette School fluorescent lighting was installed in all classrooms. Due to the amount of work, and the time required for the work to be accomplished this past summer, it became necessary to establish priorities, as well as to keep an eye to the future use of some of the present facilities. It appears that Edison and Lafayette will be included in the long range planning of the necessary schools that will be kept in operation.

Hot top was applied to several of the school grounds in an effort to prevent wash-out. At the Lincoln School plaster

EDUCATION

work and painting were done in the principal's office. A new clock and bell system was installed, and this includes a fire alarm system for all three floors. A new concrete boiler room floor was put in this spring. A new sump pump was installed in the boiler room.

The parking area at the rear of the Memorial Gymnasium was hot-topped thus eliminating much of the dust that was continually plaguing the cafeteria kitchen and dining area where the food is prepared for all schools.

It was necessary to waterproof the exterior masonry work at the rear of the Memorial Gymnasium. Other work at the Gymnasium included the interior painting of the first floor and the bleacher area. A new steel door jamb was installed at the southeast corner of the building.

A School Grounds Maintenance Clinic was held this past year for our custodial staff, in cooperation with Conrad Griffin, Extension Agent, Cooperative Extension Service for York County. This program proved very valuable to the staff and it is our intention to make available a School Building Maintenance Clinic in the near future.

General

The report on accreditation of Sanford Junior High School has not been received as yet. However, it is the intention of the School Committee to meet the necessary requirements in order that we may be listed among the other schools in Maine that have been accredited.

Once again I should assure you that sound practices were used in planning the school budget for the coming year and each department is taking the necessary steps to improve its budget procedures—steps such as quantity purchasing, taking advantage of minimum orders so as to eliminate delivery charges, keeping inventories of materials and supplies in order to purchase only those items of necessity. Many hours go into the planning of a decentralized budget.

The year that has just ended went all too quickly, and it is time for me to express my appreciation to all of you for the fine cooperation extended to the school personnel. My personal appreciation goes to the School Committee for their guidance, and to the Warrant Committee for the courtesies extended to me, and to many other town officials. Providing for quality education for our boys and girls is the finest gift that we as citizens of Sanford can give.

With sincere appreciation,

CARL E. BOWERS

Superintendent of Schools

EDUCATION

REPORT OF THE HIGH SCHOOL PRINCIPAL

To: The Superintendent of Schools

I hereby submit my annual report as Principal of Sanford High School.

Enrollment

The enrollment at the beginning of school in September was 1123. At present it is 1095—a net loss of 28. The class enrollments are as follows:

Freshmen	320
Sophomores	284
Juniors	265
Seniors	221
Post graduates	5
Total	1095

Faculty

The present faculty includes eleven new members. Eight are replacements and three are additions to supplement new and/or existing programs. As of this writing two other faculty members are serving as permanent substitutes until active retirement in June, and a third is leaving to accept an administrative post elsewhere. In short, in the past two years there has been a 25% turn-over in our faculty. It is hoped that this figure may be greatly reduced in the future.

Academic Program

Sanford High continues to offer a most comprehensive academic program. Preparation in the college, business and vocational programs continues to be highly regarded. The developmental program for slower learners has been expanded to include the equivalent of three full-time teachers and plans are being made to continue the present two year program into the upper two grades.

The vocational program desperately needs expansion to accommodate more students. A cooperative work program (On the Job Training) was instituted this year and presently enrolls 27 students.

A shared-time program is still made available to the students at St. Ignatius High School.

EDUCATION

Athletic Program

A well-rounded athletic program is offered to both boys and girls. Highlights of the program this year were the girls' basketball teams (11-6 and 15-2); the excellent showing of the boys' baseball team as Telegram League Runners-up for the season after winning the first half championship; the 8-1 record of the girls' field hockey team; the golf team's capture of the York County crown and the successful defense of the State Wrestling Title by the mat-men.

Guidance Service

One additional counselor was added to the staff to meet accreditation standards. The effect of this addition is evident in an extension of student services a thorough follow-up of our graduates and a coordination of the testing program of the Sanford schools.

Sanford High School serves as a testing center for the College Entrance Exam Boards and, under the direction of the Guidance Department, tests are administered four times per year, accommodating approximately 500 students from this area.

Follow-Up

The class of 1965 graduated 222 students—a follow-up of which shows that:

40.98%	continued their education on a full time basis
2.70%	continued their education on a part-time basis
25.22%	entered the local labor market
10.36%	entered the Armed Services
2.25%	married
3.60%	are unemployed
.45%	deceased
14.44%	offered no returns
<hr/>	
100.00%	

Extra-Curricular

An extensive activity program for boys and girls is offered on both a school time and on an after-school basis. Vocal and instrumental music continue to be leaders in this program, in addition to active Debate, Dramatic, Key Club, Student Council and other groups. Intra-mural sports, Business and Homemaking activities also are included. The most recent addition is the formation of a Ski Club for boys and girls.

EDUCATION

Other

A Neighborhood Youth Corps has been organized under the direction of Mr. Thomas Gardner. A total of 43 students, 16 girls and 27 boys, have worked a total of 2378 hours and have received \$2,972.50 in federal funds. Work has been carried on in practically all of the public school buildings, plus the Town Hall, Goodall Hospital, Memorial Gymnasium and York County Community Action office. The Corps is scheduled to continue work through the summer months in the maintenance of grounds and buildings, plus other areas of civic improvement.

Facilities

The dire need for classroom space and other related areas is the most pressing problem, facility wise, in the high school. All available space is now being used. Classes are held in basement and gymnasium rooms. The library is used as a homeroom and study hall; and study halls are also held in the cafeteria. An anticipated increase in enrollment can be compensated for only by enlarging the existing classes many of which are now overcrowded.

General

The faculty and staff are to be congratulated for their professional attitude and continued efforts in behalf of the students of Sanford High.

In conclusion, the citizens of Sanford, including Superintendent Bowers and the School Committee, are to be congratulated on their excellent educational attitude and support as evidenced by the cooperation afforded my staff and me.

Respectfully submitted,

JOHN R. PARKER

Principal

EDUCATION**ANNUAL REPORT OF THE
GENERAL AND VOCATIONAL EVENING SCHOOL
PROGRAM FOR 1965**

The Sanford Evening School, during its 1965 season, offered 28 courses with 489 people participating. These classes, which met at the High School, Junior High School, Vocational School, Roosevelt School and local industries, covered four major areas. In the General Education division, courses in Americanization, Knitting, High School Equivalency, Cake Decorating, Rug Braiding, Securities and Investing, Men's and Women's Physical Education, Basic and Advanced Clothing Construction were offered while the Business Division offered Typing and Office Practice. The Vocational Department conducted courses in Oil Burner Maintenance, Commercial Art, Heliarc Welding, Technical Auto, Electric Welding, Machine Shop and Commercial Sewing. The Agriculture Division conducted a course in Home Horticultural and Horse Management.

Two new programs were organized during the 1965 season. In the Vocational Department, a summer school class in Heliarc Welding was conducted for area high school boys who were June graduates. A program in Basic Adult Education was also organized with the first course to be held early in 1966.

The curriculum of the Evening School is constantly being changed to meet the needs of area residents. As can be seen in the list of classes, the school is busy preparing people so they may occupy new and better jobs. The purpose of the Evening School is to upgrade the participants in their present place of employment, and to help them become better informed citizens.

We wish to thank all who cooperated in making these classes possible—Superintendent Bowers, members of the School Committee, teachers, and students.

Respectfully submitted,

CARL J. LAMB

Director

JOHN E. WEBB, JR.

Assistant Director

EDUCATION**REPORT OF THE
JUNIOR HIGH PRINCIPAL**

January 13, 1966

TO: Superintendent of Schools
FROM: Principal of Sanford Junior High School
SUBJECT: Annual Report

I hereby submit my report as Principal of Sanford Junior High School.

Enrollment

The enrollment of Sanford Junior High School as of September 6, 1965 was 404. The present enrollment is 408, an increase of 4 since September.

Daily Attendance

The daily attendance continues to be exceptionally good at Sanford Junior High School. Percentage-wise the daily absenteeism is between four and five percent of the enrollment.

Faculty and Staff

Changes in the teaching staff at Sanford Junior High School during the past year have been as follows:

Mrs. Patricia Bland replaced Miss Patricia McKelvey in grade seven English. Miss McKelvey is now teaching at South Portland Junior High.

Mr. Douglas Jowett has replaced Mr. Robert Blouin in grade seven Social Studies. Mr. Blouin is now teaching at Sanford High School.

Mr. Francis Newman has been assigned as part time Guidance Counselor. This is a new position at Sanford Junior High.

Mrs. Janice Tucker has been employed as a stenographer for both administration and Guidance offices.

Condition of Building, Equipment and School Grounds

The building, equipment and school grounds still remain in very good condition.

EDUCATION

Curriculum

The following revision was made this year to improve learning situations and provide opportunities for broader exploration:

All Sciences in both seventh and eighth grade now have four periods of Science weekly. Previously, all Science classes were three periods weekly.

Achievements

Last May, the pupils in both grades scored very high on the Stanford Standardized Achievement Tests. The average achievements of both grades were above the national norm.

During an assembly last June, Sanford Junior High School received a certificate of appreciation from the State Department of Education for its service as a Physical Fitness Demonstration Center for the State of Maine for the school year of 1964-65. Also at the same assembly the School received a pennant from the President's Council on Physical Fitness.

At the Western Maine Musical Festival held at Rumford last May, both Sanford Junior Band and the Sanford Junior High Glee Club received high ratings.

School Approval

In September, 1965, Sanford Junior High School received from the State Department of Education, a certificate of renewal for an approved secondary school.

Accreditation

In January, an evaluation committee will evaluate the program of Sanford Junior High School in regards to becoming an accredited Junior High School.

In conclusion, I wish to thank the members of the Sanford School Committee, Mr. Bowers, members of the Junior High Faculty, pupils, and custodians for the excellent cooperation given me during the past year.

Respectfully submitted,

BURT WHITEHOUSE

Principal

EDUCATION

REPORT OF THE
ELEMENTARY SUPERVISOR

To the Superintendent of Schools

I hereby submit my report as Elementary Supervisor

The enrollment of the eight elementary schools as of December 22, 1965 was 1521 as follows:

Edison	232
Emerson	245
Lincoln	233
Lafayette	198
Hamlin	202
Roosevelt	162
Hawthorne	18
Longfellow	231
Total	1521

This year we added a new 2nd grade at the Lincoln School and a new 1st grade at the Lafayette School. We moved a sixth grade from the Lafayette School and a 4th grade from the Lincoln School to the Hamlin School to try to keep the teacher-pupil ratio under 30. All elementary classrooms are now occupied.

It was necessary to transport more children this year than ever before, to try to keep the classes under 30 if possible.

The Teachers

Nine new teachers have been added to the elementary schools' staff:

Mrs. Carol Page	4th grade, Edison
Miss Elaine White	1st grade, Edison
Mrs. Gay Knox	6th grade, Emerson
Miss Beverly MacPhail	1st grade, Lafayette
Mrs. Muriel Porell	2nd grade, Lincoln
Miss Patricia Matthews	Kindergarten, Roosevelt
Mrs. Dorothy Chellis	5th grade, Longfellow
Mrs. Catherine Johnson	Speech Therapist
Mrs. Jane Beaudoin	Music Supervisor, Kind. - 6

EDUCATION

All elementary children were given achievement tests last spring, and Sanford stands well in the National average. The second and fifth grades were given intelligence tests this fall.

Curriculum

An Art Workshop was conducted this fall for all elementary teachers. This created a great deal of interest and stimulated many art projects.

At the Hamlin School a sample of each student's writing was sent to the National Board of Examiners as entries in the National Handwriting tests. 166 pupils received the Seal of Acceptance Penmanship Certificate.

At the Roosevelt School an attempt is being made to remove grade lines in reading. The basic philosophy is to let the child progress at his own rate of ability. If a child enters school at a chronological age of five years and eleven months and shows social and emotional maturity and is able to handle readiness tasks without any difficulty, why force him to complete a readiness book when he may be ready for the printed word?

To explain our present organization of the program we have eight levels with each teacher handling two levels in her room. The first four levels are within the kindergarten rooms, levels five and six are within the first grade room and levels seven and eight are in the second grade room.

After teacher-evaluation, studying results of achievement tests, noticing chronological age, mental age, social and emotional maturity of the children, an attempt has been made to place the child at his level of readiness or reading.

A graded structure is similar to a stairway where one must move in a lock-step method, but an ungraded structure is like an incline plane where the progress is steady but the rate may differ.

Only one kindergarten session is directly involved in the program due to the obvious reason of repetition of material for those involved in upper levels who stay all day.

Those who are in the kindergarten session who are not directly involved with the continuous progress program are grouped homogeneously (as nearly as possible) and materials are available to them so they may go as far as their abilities will allow them to progress and the following year they will continue in the pattern of progress.

EDUCATION

Although this program is not a panacea for all reading problems, we anticipate it will be more efficient and effective and, hopefully, have a better reading program emerge.

Mrs. Beaudoin, our Music Supervisor, is being very well received by the student body and the faculty, as she fills a void in the total curriculum.

The Elementary Supervisor, with children from the Lafayette, Hamlin, and Lincoln Schools, did programs on modern math at P.T.A.'s, and Clubs in Sanford and Springvale.

Miss Thompson, the Elementary French teacher, conducts three twenty-minute classes per week in grades 4, 5, and 6.

Practically all elementary teachers in Sanford are using the same textbooks in each school. This is not only a help to the system, but a help to the student who moves from one section of the town to another due to over-crowded conditions.

Both the Edison and Hamlin Schools are building up a reference library for Reading, Science, and Social Studies.

Great interest is still being created by our outside reading program. More and better books are being read each year. We want to extend our appreciation to the Sanford and Springvale libraries for the work they do in supplying the elementary schools with books.

Many new filmstrips have been added to our Audio-Visual Department this year, covering all subject areas. We have a library of over 900 filmstrips for the teachers to help motivate their classes.

T. V. educational programs are being correlated along with our regular Science, Music, French, Art and Math programs.

The Sanford School Department ran a Head Start program this past summer at the Roosevelt School with Miss Fogg as teacher and Miss Davies as teacher aide.

Sports and Equipment

We are improving the playgrounds every year. We are adding more to the athletic program also. Basketball is being taught at the Junior High gymnasium to our fifth and sixth grades on Thursday nights and Saturday mornings. The coaches are Mr. Blouin, Mr. Cochin, and Mr. Kimball. We

EDUCATION

have been running a softball and touch football program this year. These are being coached by Mr. Johnson, Mr. Brown, Mr. Hurd, Mr. Guilford, and Mr. Kimball.

I have enjoyed working with the teachers on problems of pupils' behavior, scholastic problems, teaching when needed, visiting classes, and helping the principals in any way possible.

I wish to thank Mr. Carl Bowers, the Superintendent, the School Committee, Elementary principals, and classroom teachers, for their assistance and cooperation.

Respectfully submitted,

CLYDE KIMBALL

Elementary Supervisor

EDUCATION

REPORT OF SCHOOL NURSING SERVICE — 1965

Following is the report of the school nursing service for the past year, with one full-time nurse and one nurse six hours daily at the High School. Two physicians are employed for physical examinations, one optometrist for vision examinations, and one podiatrist for foot examinations. The attending health officer, Dr. A. S. Lincourt, attends and administers at all immunization clinics for the prevention of contagion.

Physical Examinations

1103 given by Dr. Melvin Bacon and Dr. Marion Moulton, to students in the 1st, 4th, 7th, and 9th grades. In addition to the regular examinations, boys from the 5th and 6th grades were examined for sports. Boys that were examined by Dr. Stephen A. Cobb were recorded on cards and transferred to the nurses at the High School. All new students are a part of the program. Tests for the detection of sugar were done to all the children receiving physicals. Tuberculin Tine tests were given to the 1st, 4th, 7th, and 9th grades and to all personnel in the schools that wanted it. These tests were given by Dr. Marion Moulton. The bus drivers were also tested at the school.

Vision Program

816 students were given examinations by Dr. Kenneth Kornetsky and 46 referrals were made to the student's own optometrist for more complete study. Six pairs of glasses were furnished by the Lions Club. The follow-up of the vision screening by cooperation and coordination certainly has a strong application to this phase of our school health program and to the child's learning.

Program for Hearing Conservation

The same grades as above were routinely checked. 890 were checked, 51 were below average. A recheck on below average was made again during the school year.

Program for Foot Care

514 examinations were given by Dr. Henry Landers, podiatrist. Skin conditions seemed to be our largest referrals. 30 slips were sent home for more correction of feet and limbs.

Dental Health Program

This program was observed during National Dental Health Week. Dental talks by local dentists and dental hygienists were given to all 4th grades including a tooth-brushing demonstration. 245 pupils received toothbrushes and paste. 1855

EDUCATION

pieces of literature on proper care of the teeth were distributed at this time

Immunization Program

Dr. A. S. Lincourt gave vaccinations, diphtheria, and tetanus shots as the students needed them and permission was given.

Speech Correction Program

This program was carried on by Mrs. Katherine Johnson and was started new this year. There are, at present, 81 children receiving speech correction—all once a week, one, three times a week and eleven, twice a week. This teacher has a schedule to go into all the schools at certain hours for a certain length of time to work with these pupils. The results observed by all are most gratifying. Some work will be done at the Jr. Primary level as time will allow

Head Start Program

This program was carried on in July, 1965 and included the following: physicals, Tuberculin Tine tests, urinalysis, blood, immunization, and dental examinations. A consultation with the parents was held and a follow-up of the abnormal findings has been carried out this fall.

Emotional problems with our children today makes a great deal of extra work visiting parents, mental health clinics, social workers, guidance personnel, teachers and principals. The school alone cannot provide enough of the student's needs without the help which his home should provide.

Survey for Accreditation

A health survey report for the Jr. High School level was turned in to the principal.

The cleanliness in all the schools is especially noted and the janitors should be very proud of their schools as we all are. They clean little finger and little feet marks with endless patience and lots of elbow grease!

We have a tremendous job ahead of us keeping pace with the changing times. With tenacity of purpose, great vision, and harmonious "togetherness" we can accomplish this goal

May I take this opportunity to thank the doctors, elementary supervisor, principals, and teachers for their cooperation.

Respectfully submitted,

HAZEL L. DROWN, R. N.

School Nurse

Rev. Hugh C. Crouch, term expires Dec. 31, 1966

Dr. Kenneth Kornetsky, Associate Member

Term Expires Dec. 31, 1968

Emile D. Cote, Associate Member

Terms Expires Dec. 31, 1968

ANNUAL REPORT

of the Selectmen, Assessors and Overseers of the Poor

January 1 to December 31, 1966

As we look back over the year 1966 we feel that much progress has been made in many fields.

Many of our industries are in the process of expanding, such as Eastern Plastics taking over the old Number One Mill, Sprague Electric's two sizable additions and American Cyanamid's large new building. Also, we have a new canvas shoe company, and a small machine tool company that is a subsidiary of New Haven Tool & Die Company.

The Hillcrest Nursing Home is now in operation and will be a great asset to our community. The addition to the Henrietta D. Goodall Hospital will soon be in operation and this is a much needed facility in our community, and the surrounding towns. Nasson College is still growing. Building permits are holding steady. All of this proves progress and faith in our town.

Another section of Main Street has been completed and with the widening of the street, sidewalks have been built on the northerly side and are of great benefit to the students walking to and from school. The cutting down of the hill by the Ford Garage has eliminated a traffic hazard. Practically all street projects were completed during the year.

A full time Building Inspector has been employed

to carry out a better inspection of buildings, which should make our town a better place in which to live.

A School Building Needs Committee has been studying our school system and gave a report to the annual town meeting. Action was postponed until January 30, 1967.

This past year we were able to cut our welfare accounts approximately \$15,000. We are proud of this as it reflects good employment and tight administration of the funds on the part of the Welfare Investigator and Board of Selectmen.

We take this opportunity to thank all of the town departments and our clerical staff for their fine cooperation during the past year. Their efforts make our job easier.

There are many projects in the offing and we anticipate another very busy and progressive year. We shall continue to exert every effort to carry out the mandates of the town meeting to the best of our abilities.

Respectfully submitted,

NORMAN S. HALL

THEODORE C. GAUTHIER

BRUCE C. CARLSON

Selectmen of Sanford

December 29, 1966

PROTECTION OF PERSONS AND PROPERTY

REPORT OF THE BOARD OF ENGINEERS OF SANFORD FIRE DEPARTMENT

To the Municipal Officers of the Town of Sanford:

The Department is composed of 66 call firemen, 19 permanent firemen, 1 chief, 4 assistant chiefs and a captain and a lieutenant for each of 7 companies. These men operate, maintain and use 16 mobile pieces of equipment, a 500 gal. trailer pump, 6 portable pumps, 4 portable generators and 2 base and 13 mobile radios. Each year some of the equipment is placed under a preventive maintenance program, so that by 1970 all the equipment will be under this system. This system, when completed, will give us a complete history of each piece of equipment and assure us that the equipment is in the best possible condition.

The training program has been improved and will be continuously up-dated to meet the need of new methods and new hazards. We have had training for all grades, from probationary to officers.

Hose, breathing apparatus, appliances and other equipment used by the department are maintained and repaired by the permanent force and are in excellent condition.

The fire alarm system is in good working condition but must be extended each year to cover more of the town. Three new boxes were installed this year and the system was extended from the bowling alley at South Main Street to the Sprague Electric plant on the Wells Road. A complete card file record of each box and a record of the whole system will be completed within a year, so that we will have a record of everything that concerns the fire alarm.

The Department has made 1082 inspections of all types of buildings, 22 inspections of flammable liquid installations, 73 inspections of sprinkler systems and assisted in making plans for evacuating our schools and factories. The Junior Fire Marshal Program in our schools has been very successful. With the help of the American Cyanamid Company we were able to formulate a very successful fire prevention week program.

The ambulance is our busiest piece of equipment. It made 337 runs, traveled 3,514.8 miles and earned \$4,890.96.

PROTECTION OF PERSONS AND PROPERTY

Starting in 1967 we plan on a program to replace the men's coats and boots which will take 4 or 5 years to complete and a radio replacement program which will take 10 years to complete.

We wish to thank each and every person who in any way helped us during 1966.

FREDERICK HAMMOND

PROTECTION OF PERSONS AND PROPERTY
REPORT OF THE CLERK OF
THE SANFORD FIRE DEPARTMENT

Sanford, Maine, February 1, 1967

To the Municipal Officers of the Town of Sanford:

I hereby submit the following report for the year 1966:

The Department has responded to 235 calls: 18 bell alarms, 210 still alarms, 7 false alarms and 7 drills.

Estimated value of property endangered	\$525,000.00
Damage to property endangered	27,500.00
Insurance paid on property endangered	13,450.00
Net Loss	14,050.00
 Total feet of hose laid	 31,625
Total pounds of chemical used	70
Total feet of ladder raised	1,261
Miles apparatus traveled	328.6

Respectfully submitted,

JAMES O. HAMMOND

Clerk (Sanford Station)

PROTECTION OF PERSONS AND PROPERTY**REPORT OF THE CLERK OF****SPRINGVALE FIRE DEPARTMENT**

January 1, 1967

Report of the Springvale Fire Station from January 1, 1966 to December 31, 1966.

The Company has responded to 139 alarms consisting of 133 stills, 4 bell alarms and 2 house calls; also several drills.

Total property endangered	\$300,000.00
Damage to property endangered	0.00
Loss	0.00

Number of feet of hose laid	11,310
Number of feet of ladder raised	485
Number of miles apparatus traveled	5,947.5
Number of hours apparatus pumped	19

Traffic Accident Records — 1966

The Sanford Police Department is now entering its fourth year in keeping a more detailed breakdown of traffic accidents. By doing this we wish to keep the public better informed of the accident situation and also to point out to the department certain areas in the report that show a large increase and need more enforcement from time to time. By strict enforcement of the traffic laws we hope that the public will eventually be accident conscious each time you place yourself behind the wheel and help us reduce the needless violations that cause so many of our accidents.

Major accidents consist of property damage of \$100.00 or more and/or personal injury.

Minor accidents consist of property damage under \$100.00 and no personal injury.

	1964	1965	1966
Major accidents	255	271	347
Minor accidents	392	434	431
Value of property dam.	\$138,316	\$142,587	\$123,952
Total Major & Minor accidents	647	705	778

Our Accidents Happened on the Following Days

Sunday	66	96	68
Monday	63	70	103
Tuesday	72	90	81
Wednesday	98	83	114
Thursday	93	85	123
Friday	127	147	147
Saturday	131	122	142

And They Happen Between the Following Times:

(1964 not available)

	1965	1966
Midnight to 3:00 a.m.	25	37
3:00 a.m. to 6:00 a.m.	12	11
6:00 a.m. to 9:00 a.m.	70	83
9:00 a.m. to 12:00 N	104	138
12:00 N to 3:00 p.m.	106	123
3:00 p.m. to 6:00 p.m.	164	155
6:00 p.m. to 9:00 p.m.	115	114
9:00 p.m. to 12:00 mid.	65	63

PROTECTION OF PERSONS AND PROPERTY

And the Operators Between These Age Groups Were Involved

	1964	1965	1966
under 20 yrs.	262	203	160
20 to 30	208	263	314
30 to 40	173	192	228
40 to 50	148	139	185
over 50	250	275	301

Because of Some of These Causes

Speeding	28	36
Under the influence of liquor	7	12
Imprudent and incautious manner	27	10
Following too close	47	44
Improper overtaking another vehicle	44	23
On wrong side of highway	21	20
Faulty brakes	7	5
Failing to yield to another vehicle, right of way		116
Numerous other causes	77	93

Classes or Types of Accidents

Pedestrians	21	6	15
Motor vehicle	621	592	731
Bicycles	5	24	14
Vehicles ran into fixed objects	53	42	11
Vehicles overturned	12	13	10
Vehicles ran off highway	54	24	6
Operators arrested due to some violation in these accidents		38	49
Accident Fatalities	0	2	1

You have just come to the end of the accident story that the people of Sanford helped to compose this past year. You yourself supply the material that eventually make up the story. You may judge your Police Department at times to be your critic in enforcing the traffic laws but remember in so enforcing these laws, you yourself, may be the life that is being saved.

LT. NORMAN PAUL

The figures listed above prove again that the Town of Sanford is still growing. Totals for 1966 are less than those of 1965, but there is more taxable property for 1966. Permits issued in all catagories for 1966 total very close to the figures of 1965. The totals are 297 for 1966 compared to 312 for 1965.

Industry is still expanding which again proves that our town is on the move in the right direction.

Urban Renewal has started to function and on completion of the new Fire Station will progress much faster. Some units in the renewal area have been purchased by the Authority.

The Housing Code inspection is under way and scheduled to be completed by the Building Inspector in five years.

Dwelling units of the Town are required to be inspected by the Department of Housing & Urban Development, Region #1, as part of the Community Workable Program in the Town of Sanford.

PROTECTION OF PERSONS AND PROPERTY

The report of the Neighborhood Analysis conducted in the Town shows there are a number of units that are classified "deteriorated" or "dilapidated". Those in the Urban Renewal area will automatically be taken care of, but all others will be checked by the Building & Housing Code Inspector. Property owners and residents of same are asked to cooperate when an inspection is being made. This must be accomplished to assure decent, safe and sanitary dwelling units throughout the town.

All projects to be carried out in any area should be O.K.'d by the Building Inspector as to use of land and dimensional requirements for structure, plus any construction, alterations, etc. Ordinances of the Town of Sanford are for the protection of all citizens. Please use them.

Again I wish to thank the Town Administration Personnel for being so helpful to the Building and Housing Code Inspector.

Respectfully submitted,

FORREST L. PILLSBURY

Building Inspector

REPORT OF
CIVIL DEFENSE AND PUBLIC SAFETY

December 31, 1966

To the Honorable Board of Selectmen:

Gentlemen:

Another year has passed, and through every effort we have tried to make it successful.

The public has become closer to Civil Defense and played a very big part in it this year.

We feel that this past year has been a great gain to Sanford, with purchases made from the Government Surplus. Our local Civil Defense has reached the point of being well equipped.

Also, the new underground Control Center, which is in the making now, will be our new Emergency Communication Center with the Civil Defense, Fire Department, Highway Division, and the local Police Department.

I wish to take this time to thank all those persons who have aided me in my attempt to make "Civil Defense and Public Safety" program workable since my appointment as Director.

Respectfully submitted,

RALPH MARSHALL

Director

HEALTH AND SANITATION
REPORT OF THE
HEALTH OFFICER FOR THE YEAR 1966

February 3, 1967

To the Selectmen, Town of Sanford, Maine

Gentlemen:

As Health Officer for the Town of Sanford for the year of 1966, I herewith respectfully submit a report of health activities during the current year.

Medical and surgical care was given to welfare cases when and where needed. Town and State patients were visited and cared for at the Town Infirmary and surrounding nursing homes. Office and house visits were rendered to patients needing care and treatment.

All public and parochial schools were visited. School children with consent of parents were vaccinated against smallpox and inoculated against diphtheria, whooping cough and tetanus. Initial doses were begun when needed, boosters were given as required. Sabin oral polio vaccine was given at all schools.

All clinics were under the supervision of the School and Community Health Association nurses.

Infringements of plumbing and sanitary laws were investigated as received.

Contagious diseases were dealt with as required by law.

Respectfully submitted,

A. S. LINCOURT, M.D.

Health Officer

HEALTH AND SANITATION

REPORT OF THE

COMMUNITY HEALTH ASSOCIATION, INC. — 1966

To the Citizens of Sanford:

A 30-member volunteer Board of Directors guides the Public Health Nursing Program in Sanford, in relation to the health needs of the community, and the total Public Health Program in the community. The primary purpose of our organization is to provide skilled nursing care for the sick at home. This service is performed by two graduate registered nurses working directly under Doctor's orders, and in accordance with an approved plan formulated by our Medical Advisory Committee of professional persons. Health Supervision is also provided, and includes the interpretation of medical, sanitary and social procedures for the correction of defects, prevention of disease and the promotion of health.

Following are the highlights of our program for 1966:

Bedside Nursing

347 visits to acutely ill patients, and office calls
767 visits to chronically ill patients

Home Visits for Health Education and Supervision

200 visits to cancer patients
350 visits to cardiac patients
242 visits to tuberculosis patients, suspects and contacts
413 visits to crippled children and adults
105 visits to diabetic patients
362 visits to infants, pre-school and school children
655 miscellaneous calls
42 Venereal Disease calls

Clinics

Ten monthly Tuberculosis Chest X-ray Clinics were held at the Goodall Hospital for suspects and contacts. Films were taken by the hospital for a nominal charge, and 137 individuals were X-rayed.

Five Foot Clinics were held with Henry P. Landers, DSC, in attendance, assisted by the nurses. Examinations and recommendations were given to 79 children and adults.

Ten Immunization Clinics were held at the Goodall Hall of the Unitarian Church. Walter R. Peterlein, M.D., was the physician in attendance, assisted by the nurses and volunteers

HEALTH AND SANITATION

from the Board of Directors. The following were administered:

- 165 Sabin oral poliomyelitis vaccines
- 139 Diphtheria, pertussis, tetanus vaccines
- 15 Smallpox vaccinations
- 18 Measles vaccines

Measles vaccine was offered at a special clinic in March and 145 immunizations were given. Part of this vaccine was furnished by the State Department of Health, Division of Communicable Disease Control, under their Immunization Program.

Parochial School Program

The Association once again arranged for an immunization program in the Parochial Schools as part of our service to the Community. Armand S. Lincourt, M.D., assisted by the nurses, administered:

- 432 Oral polio vaccines
- 245 Diphtheria tetanus vaccines
- 231 Smallpox vaccinations
- 180 Tuberculosis time test in the 1st and 7th grades.

A physical examination program was initiated this year for the Girls' Division, grades 7 through 12, and 27 students were examined by Dr. Lincourt.

Grand Total of Visits

Approximately 5,561 personal contacts were made during the year.

Miscellaneous

The annual "Diabetes Week Urine Testing Program" was again coordinated by the Directors' Committee at the request of Melvin Bacon, M.D., chairman of the Diabetes Committee of the Maine Medical Association. Approximately 3,200 urine tests were done in the community.

Also, the Association sponsored the annual "Nurses' Institute" at Nasson College. The program was planned by Dr. Bacon, chairman of our Medical Advisory Committee, and the subject discussed at three weekly meetings was "Diabetes". Attendance certificates were awarded by the Association to about 50 nurses.

The "Clearing House", under the capable direction of volunteer Mrs. Anne Kornetsky, continues to prove its invaluable worth for the fourth consecutive year. Much duplication of effort and giving has been minimized through the cooperation of the various church, civic, fraternal and service club organizations, as well as private citizens. This year a total of 156 fam-

HEALTH AND SANITATION

ilies, or nearly 1,000 individuals, benefited from this project--almost twice as many as last year.

An "Inservice Education Program" was realized through the attendance of our nurses at many public health lectures, the monthly Public Health Nurses' meetings and the receipt of two different United States Public Health Service workshop grants—one to an Institute on "Teamwork in the Care of the Chronically Ill", and one on "Accident Prevention".

Last, but by no means least, our organization was certified as a provider of services under the "Medicare Program" on August 15, 1966—one of the first agencies in Maine to receive this certification. The program is moving along well and the nursing care seems to increase as people realize what benefits can be available to them under this plan. This certification has been a milestone in our 30 years of service to the people of Sanford and Springvale.

Opportunities for service have been abundant throughout 1966, both for the nurses and volunteer directors. It has been a busy and rewarding year, and many people deserve thanks for their help and cooperation in the myriad of functions which the CHA performs—from its program of skilled nursing care and health supervision to preparing Christmas cheer baskets for our patients and shut-ins.

Respectfully submitted,

MAROLYN P. ROBERTS, R.N.

Supervisor of Nursing Services, CHA

RECREATION**REPORT OF THE ACTIVITIES OF THE
SANFORD PARK COMMISSION — 1966**

This past year was one of continued progress for your Park Commission. Many improvements were made in our existing programs.

Two of our most successful programs of the park Commission was the ART EXHIBIT and NATURE STUDY PROGRAM held at the Edward H. Gowen Memorial Park.

Several new pieces of equipment were added to the Robert Batchelder Park.

As usual, our summer series of weekly band concerts were held in the Gowen Memorial Park Bandstand with a large increase in attendance.

Goodall Park saw optimum use with activities scheduled from April to the middle of November. Goodall Park is used by both local high schools, Sanford and St. Ignatius High Schools, Babe Ruth and American Legion Baseball and the Sanford-Springvale Midget Football League regularly, as well as other groups for special events.

Work was continued in the improvement of facilities at Goodall Park. The State of Maine Babe Ruth Tournament will be held at Goodall Park in July 1967.

The beautification of our community was continued with the annual program of tree planting, and the flower bed maintained in the Central Square Park.

We have also made great stride in the cutting of our diseased trees and we will be able to continue this work in 1967.

Respectfully submitted,

ROBERT J. BLOUIN

ERIC P. ALLAIN

ROLAND A. LANGLAIS

Mary E. Pascucci, 6½ Pearl Street, Sanford	Tel. 324-2689
Dolores E. Demers, 2 Madison Street, Sanford	Tel. 324-6656

Central Office

Town Hall Annex, 265 Main Street, Telephone: 324-2810
 Hours 8:30 A.M. - 12:00 Noon; 1:00 P.M. - 5:00 P.M.

NO SCHOOL NOTIFICATION

The "No School Signal" will be sounded only on those occasions when concern for the pupils makes it imperative.

Parents are urged to keep their children at home, even when school is in session if road conditions in their locality are particularly hazardous.

On the occasions when the No School Signal is sounded there will be no school for all pupils for the entire day.

Official notification will be given whenever possible over the following radio stations: WSME, Sanford; WWNH, Rochester, N.H.; and WCSH, Portland (Time 6:45 A.M. and 7:15 A.M.)

The fire alarm will sound 4 times at 6:45 and 7:15.

When it becomes necessary to suspend the afternoon session of school the signal will be given at 11:00 A.M.

EDUCATION**ANNUAL REPORT OF THE
SUPERINTENDENT OF SCHOOLS**

Once again it is time to make a progress report on the schools for the 1966 year. As in the past, this will be supplemented by reports of other administrative personnel.

Our most important assignment is to educate youth, in a day and age when many advances are being made in technological and scientific fields.

EDUCATION

Enrollment

3,147 Pupils and Where They Are:

School	Kgn.	1	2	3	4	5	6	Sp.	7	8	9	10	11	12	P.G.	Total Enrollment 9/30/66
Edison	59	27	23	25	27	52	28									241
Emerson	54	49	24	27	27	26	31									238
Hamlin				21	56	87	84									248

Roosevelt	104	44														148
Junior High School								229	220							449
Sanford High School										328	313	250	241	2		1134
TOTALS	325	244	197	171	190	221	199	17	229	220	328	313	250	241	2	3147

EDUCATION

Needless to say, our enrollment shows a net gain of 79 pupils over September 13th of last year.

As enrollments increase we must continually evaluate our needs, in terms of facilities, personnel, and teaching supplies.

Due to the increased amount of publicity given to the space needs throughout the year, I will not elaborate any further, other than to say that we are badly in need of additional classrooms at all levels. Serious thought should be given to discontinuing the use of the Longfellow and Hamlin Schools.

Teaching Personnel

At the close of the 1965-66 school year Sanford lost 22 teachers, either due to retirement, personal reasons, or salaries.

A large turnover such as this brought one thought to mind, that of reviewing the salaries being paid our teachers, compared to other communities with whom we are competitive. After a study of teachers' salaries, the following scale was adopted for a two-year period, starting with the 1967-68 school year.

Salary Schedule for Instructional Staff

Sched- uled Steps	Cred- ited yrs. of exp.	Less than 4 yrs.	Bachelor's Degree	Master's Degree
1	0	\$3750.	\$5000.	\$5500.
2	1	4000.	5250.	5750.
3	2	4250.	5500.	6000.
4	3	4500.	5750.	6250.
5	4	4750.	6000.	6500.
6	5	5000.	6250.	6750.
7	6	5250.	6500.	7000.
8	7	5500.	6750.	7250.
9	8	5750.	7000.	7500.
10	9	6000.	7250.	7750.
11	10	6250.	7500.	8000.

It is our intention to have teachers placed on the new scale within the two-year period—sooner if possible.

Curriculum

In-service training continued throughout the year by having some of the teachers attend regional meetings on curriculum, and having specialists from the various book companies explain how to get maximum use of the books we now use.

Remedial reading services are now available for pupils in Kindergarten through Grade 6 under Title I of the Elemen-

EDUCATION

tary Secondary Education Act.

The services of a librarian for the Junior High School have done much to improve the service for each classroom in the training of young minds and interests. Circulation is at an all-time high, and with the aid of Title II of ESEA we have been able to supplement our book shelves with teacher-selected books. With the use of books from the Goodall Library we have increased the number of volumes available for Kindergarten through Grade 6 considerably.

Since a good school library is the most important room a young reader passes through on the road to growing up, serious consideration should be given to the addition of an elementary school librarian who could organize and serve the pupils in these grades.

Speech services were available during the first half of the year to 53 pupils weekly and 26 twice a week. However, in the fall of the year we lost the services of our Speech Therapist due to personal reasons, and since that time we have been unable to fill this position. Every effort is being made to fill this void before another school year, since defective speech is recognized as a potential cause of serious educational and social maladjustment.

Building and Grounds Maintenance

Every effort was made to continue the long range plans in keeping the buildings that would serve for some time in the future in the best condition possible, considering that the budget for 1966 was reduced by \$22,605.00.

All exterior trim, including doors and window sashes, was painted at the Sanford High School, Memorial Gymnasium, Lafayette, Junior High, and the Vocational Building.

The second year of the long range plans for the Memorial Gymnasium, included the interior painting of the basement area two coats, one new set of entrance doors with anti-panic hardware, and the usual stripping and sealing of floors. In addition the two rooms above the lobby were painted. (These two rooms are sub-standard and should not be used for classes.)

The chain link fences were repaired and painted at Edison and Lafayette Schools. At Lafayette approximately 50 feet of fence was installed on a twelve-inch retaining wall replacing the old fence, and providing a wider entrance to the school yard.

The preventative maintenance program for the Junior High School was started this year by painting five classrooms, and the Industrial Arts and shower room floors.

EDUCATION

Hot topping was held to a minimum and only the circle drive in front of the High School and the extension of the parking area in the rear were done. At Lafayette the area next to the walk was extended in order to eliminate a slight drop-off, and to keep the fill from being washed away.

General housekeeping duties were accomplished in all schools including stripping, waxing, and polishing floors, replacing broken glass, and cleaning all furniture.

General

This fall the budget was presented in a new format to coincide with the State Financial Reports that must be submitted once or twice yearly to the Department of Education.

Several meetings took place with all school personnel in an effort to acquaint them with the new budget procedure. It is our intent to make this new system of record-keeping more efficient, thus contributing to sound practices in financing the educational needs of our youth.

The year just ended has been a continuous evaluation of the school system, both in terms of facilities, teachers' salaries, and a more efficient organization.

I would like to take this opportunity to thank the School Committee, all school personnel, the citizens of Sanford, and other Town officials, both elected and appointed, for their efforts in making this a year to remember.

Respectfully submitted,

CARL E. BOWERS

Superintendent of Schools

EDUCATION

REPORT OF THE HIGH SCHOOL PRINCIPAL

December 20, 1966

TO: Mr. Carl E. Bowers, Superintendent of Schools

I hereby submit my annual report as Principal of Sanford High School.

Enrollment

The enrollment at the beginning of school in September was 1138. At present it is 1111—16 more than in December 1965. The class enrollments are as follows:

Freshmen	325
Sophomores	303
Juniors	246
Seniors	235
PG's	2
Total	<u>1111</u>

Faculty

The present faculty includes 16 new members. Fourteen are replacements and 2 are additions to supplement new and/or existing programs. In the past three years there has been a 45% turnover in our faculty. This is exceptionally high in a secondary school of our size. Included in this turnover has been the loss of three of our academic departmental heads. Unless measures are taken to insure the retention of key teaching personnel, the desired academic program cannot be maintained.

Academic Program

Sanford High continues to offer a comprehensive academic program. A class in General Chemistry and one in Physical Science for vocational students were instituted this year. The developmental program for slower learners has been expanded to include a 4 year sequence in English and Mathematics and a 3 year sequence in Social Studies.

The cooperative work-study program (on-the-job-training) was continued this year and girls were admitted to the program. The present enrollment in the program is 32 students. The students attend regular classes for one-half day. The remaining time is spent "on the job" outside of school.

A shared-time program in Calculus and Pre-Nursing is still made available to the students at St. Ignatius High School.

EDUCATION

A summer conference on the teaching of composition in the secondary school was sponsored by the New England School Development Council and attended by Mrs. Miriam Moody of Sanford High School. The program will be instituted in two English divisions at Sanford High School.

Athletic Program

A well-rounded and highly satisfying athletic program had highlights in each season. The boys' and girls' basketball teams compiled excellent 16-5 and 14-1 records.

The baseball season was highlighted by the first Sanford winner of the Telegram League Batting Championship—Steve Morin. The girls' field hockey team went undefeated, 8-0. Nine girls were selected as All Stars, as was their coach, Miss Arlene Jackson.

The football team had an excellent 5-1 conference record (6-3 overall) and lost only to Biddeford in the final bid for the Class "A" title. Eleven Sanford High School players were mentioned on the All Class "A" eleven.

The wrestling team won their 6th straight State Large School Wrestling Championship and finished a strong 4th in the New England's. Les Leighton was a New England champion in his weight class.

Follow-up

The class of 1966 graduated 207 students—a follow up of which shows that:

- 49.8% continued their education on a full-time basis
- 2.4% continued their education on a part-time basis
- 35.0% are employed in industry and business
- 7.9% entered the military service
- 4.0% are unemployed
- .9% are housewives with employment outside the home

100.0%

Extra-curricular

In January a student exchange was held with Stephens High School of Rumford. Four students from each school exchanged residences and schools for a few days. A combined exchange band concert was held with Westwood, Massachusetts High School in early spring. "The Sound of Music" by the Glee Club was a tremendous success in March and in April "Sing Out 66" was presented to all students grades 7-12. The school paper (Red & White) and the Yearbook (Distaff) each won Highest Awards in competition rated by Boston University. The Distaff also won a First Place Certificate from the Columbia Scholastic Press Association.

EDUCATION

Two exchange students have been a part of our student body this past year. Ana Dapelo, from Peru, was with us for a few months under the American Youth Exchange, making her home with Mr. and Mrs. Irving Kellman. In September Lennart Eklundh, from Sweden, joined us for the year under the auspices of the International Student Placement Service. He is residing with Mr. and Mrs. Ward Hanscom.

Other

In the summer of 1966, Sanford High School was selected by the State Board of Education as the York County location for the first Area Vocational School. With this selection, \$375,000 of state funds, plus $\frac{2}{3}$ of all operating expenses, including vocational teachers' salaries, was allocated to Sanford.

The Neighborhood Youth Corps has continued to function and presently enrolls 16 workers (quota 17) in the areas of custodial aides, clerical aides and nurses' aides. Enrollees work a maximum of 12 hours a week during the school year. A summer program, similar to the successful one of last summer, is planned, subject to the approval of the entire NYC plan by Congress.

Facilities

If new facilities, or plans for same, are not made available immediately, our academic program must suffer due to overcrowded conditions and increased class size. Furthermore, Sanford High will lose its State and New England accreditation.

During the summer the last available store room was turned into a science classroom. The cafeteria is used as a study hall 6 periods per day and the building is scheduled to approximately 300 over capacity.

General

I wish to congratulate the students, faculty and staff for their continued effort and performance under these conditions. They are dedicated to good education; the increasing pressures of competition demand this continued effort.

My personal appreciation to the supporting citizens of Sanford, including the School Committee, the School Building Needs Committee and Superintendent Bowers for their awareness of, and attention to, our pressing problems. It is my belief that Sanford can have one of the best school systems in Maine if you want it.

Respectfully submitted,

JOHN R. PARKER

Principal

JRP:imc

EDUCATION

ANNUAL REPORT OF THE SANFORD EVENING SCHOOL FOR 1966

The Sanford Evening School, during its 1966 season offered 30 courses and had a total enrollment of 717. This was an increase of 228 over the 1965 season. These classes, which met at the High School, Junior High School, Vocational School, Roosevelt School, Golden Opportunity Center and local industries, covered five major areas. In the Vocational Department, courses in technical auto-alternators, technical auto-electrical, heliarc welding, acetylene welding, electric welding, basic electronics, blue print reading, commercial sewing, commercial art, basic auto maintenance for women, oil burner maintenance, and diesel mechanics were offered while the Agricultural Department conducted courses in home horticulture and horse management. In the General Education division courses were conducted in rug braiding, knitting, new mathematics for parents, conversational French, high school equivalency, clothing construction, men's and women's physical education, cake decorating, Americanization, mathematics, and furniture refinishing. The Business Department of the evening school, conducted courses in basic and advanced typing and shorthand. The Basic Adult education program had reading, arithmetic, spelling and English Grammar as part of its curriculum.

A new program in basic diesel mechanics was organized during the 1966 season. An advanced program is being planned for the 1967 year.

The curriculum of the Evening School is constantly being changed to meet the needs of area residents. As can be seen in the list of classes, the school is busy preparing people so they may occupy new and better jobs. The purpose of the Evening School is to upgrade the participants in their present place of employment, and to help them become better informed citizens.

We wish to thank all who cooperated in making these classes possible—Superintendent Bowers, members of the School Committee, teachers, and students.

Respectfully submitted,

CARL J. LAMB

Director

JOHN E. WEBB

Assistant Director

EDUCATION

REPORT OF THE JUNIOR HIGH PRINCIPAL

November 4, 1966

TO: Superintendent of Schools
FROM: Principal of Sanford Junior High School
SUBJECT: Annual Report

I hereby submit my report as Principal of Sanford Junior High School.

Enrollment:

The enrollment of Sanford Junior High School as of September 7, 1966 was 420. The present enrollment is 451, an increase of 31. With the present enrollment of 451, the Junior High building has reached the capacity for which it was built.

Daily Attendance:

The daily attendance continues to be exceptionally good at Sanford Junior High School. Percentage-wise the daily absenteeism continues to be between four and five percent of the enrollment.

Faculty and Staff:

Changes in the teaching staff at Sanford Junior High School during the past year have been as follows:

Mr. Harold Burbank replaced Mr. David Walley in Grade Eight Social Studies. Mr. Walley is now teaching at Cape Elizabeth Junior High.

Miss Janice Lord replaced Miss Georgette Kostis in Grade Seven and Eight Mathematics. Miss Kostis is now teaching at Sanford High School.

Mr. Donald Howard replaced Mr. John Cochran in Grade Eight Science. Mr. Cochran is now teaching at Sanford High School.

Mr. Douglas Jowett has replaced Mr. Maurice Merrifield in Grade Seven Mathematics. Mr. Merrifield is now teaching in Winchester, Massachusetts.

Mr. Vance Porter has replaced Mr. Douglas Jowett in Grade Seven Social Studies.

Mr. Michael Eastman has been added to our Science Department Staff. He teaches both Seventh and Eighth Grades.

EDUCATION

Mr. Francis Newman has been assigned as full time Guidance Counselor.

Miss Mary Wilson has been assigned as full time Librarian replacing Mr. David Walley who was part time Librarian.

Mrs. Doris Erickson has replaced Mrs. Janice Tucker as Stenographer for both Administration and Guidance Offices.

Mr. Alvah Jellerson has replaced Mr. Lawrence Dart as Day Custodian. Mr. Dart has been assigned to the Hamlin School in Springvale.

With the increased enrollment there is need for additional teachers and a Girls' Physical Education Instructor.

Condition of Building, Equipment and School Grounds

The building, equipment and school grounds still remain in very good condition.

Achievements

Last April, the pupils in both seventh and eighth grades at Sanford Junior High School scored achievements above the national norm on the Stanford Achievement Tests.

During an Assembly last June, Sanford Junior High School received a certificate of appreciation from the State Department of Education for its service as a Physical Fitness Demonstration Center for the State of Maine during the school year of 1965 and 1966.

At the Western Maine Music Festival held at Gardiner, Maine last May, both the Sanford Junior Band and Sanford Junior High Glee Club received high ratings.

School Approval

In September, 1966, Sanford Junior High School received from the State Department of Education, a certificate of renewal for an approved secondary school.

Accreditation

On January 11 and 12, 1966, a visiting committee consisting of Mr. John I. Seekins, Jr., Superintendent of Schools, Kennebunk; Mr. Robert G. Stearns, Principal, King Junior High School, Portland; Miss Frances Weeks, Westbrook Junior High School; Mr. John Shaw, Falmouth Junior High School; Mr. Harry DeShon, Cape Elizabeth Junior High School; Mr. Robert Heffler, Brunswick Junior High School; and Mr. Chester Willette and Mr. Andrew Peterson of the State Department of Education evaluated Sanford Junior High School in regard to becoming an Accredited Junior High School.

EDUCATION

At the conclusion of their visit the Committee voted to recommend that Sanford Junior High School be accredited for a five year period providing certain requirements were met. During the Spring term and Summer vacation the requirements were met. On September 1, 1966 a five year Certificate of Accreditation for Sanford Junior High School was received. Sanford Junior High School is the first Junior High School in York County to be accredited.

In conclusion, I wish to thank the members of the Sanford School Committee, Mr. Bowers, members of the Junior High Faculty, pupils and custodians for the excellent cooperation given me during the past year.

Respectfully submitted,

BURT WHITEHOUSE

EDUCATION

REPORT OF THE
ELEMENTARY SUPERVISOR

To the Superintendent of Schools:

I hereby submit my report as Elementary Supervisor.

The enrollment of the eight elementary schools as of December 15, 1966 was 1552 as follows:

Edison	236
Emerson	243
Hawthorne	15
Hamlin	250
Lafayette	199
Lincoln	233
Longfellow	230
Roosevelt	146
	<hr/>
	1552

This is an increase of 31 pupils over last year.

This year we added a first grade at the Emerson School and a first grade at the Lincoln School. We moved a third grade from the Lafayette School to the Hamlin School. The auxiliary room in the basement of the Hamlin School was turned into a classroom.

We are transporting more children this year than ever before to try to keep the classes under 30 if possible.

The Teachers and Teacher Aides

Eight new teachers have been added to the elementary schools' staff:

Miss Marianne Kiskila	1st grade, Emerson
Miss Barbara Dunton	4th grade, Emerson
Mrs. Anna Palmer	Social Worker
Mrs. Jeanne Stanton	2nd grade, Lafayette
Mrs. Linda Eastman	3rd grade, Lafayette
Mrs. Leatrice Martin	Kindergarten & Principal, Roosevelt
Miss Jean Burnham	Kindergarten, Roosevelt
Mrs. Margaret Turner	Hawthorne School

Teacher Aides

Mrs. Mary Kimball	Emerson Kindergarten
Mrs. Roslyn Levesque	Longfellow Kindergarten
Mrs. Jean Paul	Edison Kindergarten
Mrs. Charlene Davis	Roosevelt Kindergarten
Mrs. Ruth Randall	Roosevelt Kindergarten
Mrs. Shirley Theriault	Lincoln Kindergarten

EDUCATION

A new Testing program was adopted by the Sanford School System this year. Several meetings were held with Mr. Bowers, Mr. Parker, Mr. Whitehouse, Mr. Newman and Mr. Kimball in which this program was discussed. Not only will this be a more effective Testing program it will stop repetition and be less expensive.

CURRICULUM

In April 1966 a remedial Reading Supervisor, Mrs. Celia Butler, became available under Title I ESEA. This was a welcome strengthening of the Reading Area. At this time Kindergarten Aides were also designed under Title I ESEA. The Aides have proved to be of tremendous value to the Kindergarten Teacher and have allowed expanded services at this grade level. In August 1966 the services of a School Social Worker also became available under Title I ESEA. This is another Area in which a valuable service has been provided.

Many new books and reference books have been added to the library facilities under Title II ESEA. The public library is continuing to supply books for a weekly library program but the services of the public library staff are no longer available for book distribution. This service is now handled by staff members of the school.

We added the new Modern Math Series to all 3rd & 4th grades in the system this fall. Modern Math books are now in all 1st, 2nd, 3rd and 4th grades.

At the Hamlin School to provide more individual attention for youngsters, they grouped the fifth grades in classes for Reading and Arithmetic. To date this plan has proven very successful.

Three Head Start classes were carried on at the Lafayette School this past summer with Mrs. Garvin, Mrs. Clarke, and Mrs. Roberts as teachers.

Many new T.V. educational programs are being correlated along with our regular program.

To our film strip collection we added Picture-Story Study Print Sets which have proven very popular with the children.

The changing of the school hours has caused a 20% to 30% increase in the number of children who stay for noon lunches.

All elementary teachers in Sanford are now using the same textbooks in each school. With the adding of New Modern Math textbooks in the fifth and sixth grade next fall will finish a complete change in our curriculum.

EDUCATION

Mrs. Beaudoin, our Music Supervisor, and Miss Thompson, our French Supervisor, are being well received by the student body and faculty.

A very important position was filled this fall by the appointment of Mrs. Blanche Garvin as the principal of the Lincoln School.

SPORTS & EQUIPMENT

The playgrounds are improved every year. Basketball is being taught to our fifth and sixth grades at the Junior High School on Thursday nights and Saturday mornings. We have been running a softball program with the Hamlin School, Lafayette School, Longfellow School, Emerson School and Edison School.

I have enjoyed working with the principals, teachers, teaching when needed, visiting classes and helping wherever possible

I wish to thank Mr. Carl Bowers, the Superintendent, the School Committee, Elementary Principals, and classroom teachers for their assistance and cooperation.

Respectfully submitted,

CLYDE KIMBALL

Elementary Supervisor

EDUCATION

REPORT OF SCHOOL NURSING SERVICE — 1966

To the Superintendent of Schools—

Following is the report of the School Nursing Program for the past year:

A school physician, Dr. Robert Vachon, was added to the staff in September. He has been a great help to the health program and to the entire school system. We are most grateful to the superintending school committee for giving us this help. From January to June, 1233 physicals were given.

The program includes two nurses. The head nurse carries on the program in the elementary schools and supervises the entire health program, makes home visits and carries out all other necessary duties. The second nurse is at the high school from 8:15 a.m. to 2:15 p.m. daily. During the past year, 2120 students visited this unit.

Dr. Kenneth Kornetsky is employed by the schools for vision examinations. 729 eye tests were given and 62 students were referred for further testing.

Dr. Henry Landers is employed to do the examinations of a podiatrist. 330 foot examinations were done.

Physical examinations are done on all students, in the first, fourth, seventh and tenth grades. Also all new students and those a teacher may want to refer for a physical reason are examined. Students participating in sports are examined each year. Teachers and parents are notified of any abnormal findings and a list is on file in each school. If correction has not been cared for and it is affecting the ability of the child, home visits are made to discuss the condition. Many times parents are given a chance to have these conditions corrected on a clinic basis and the arrangements are made by the child's physician and the school nurse.

Immunization Program: Tine tests for the detection of TB, vaccinations, diphtheria and tetanus vaccine and Sabin polio vaccine (all three types) were offered to students who needed them and when permission was given.

Interesting factors now in effect in our health program:

- a. Four home instruction students and two at school for the deaf.
- b. Free milk given by Searchlight Club.

EDUCATION

- c. Free lunches as investigated and needed.
- d. Health units open for Educational Week.
- e. Social worker added to staff.
- f. Nurse attended Maine State Nurses Convention and all public health nurses meetings as possible.
- g. Six pairs of glasses given by Lions Club.
- h. Trainable mental health program started so class could be in session by September.
- i. Mental health clinic visited often—many referrals.
- j. Dental health program continued.
- k. Average of thirty house calls each month.

A challenge that faces our profession is good health and good care for all of our citizens. As the late President John F. Kennedy once said, "The strength of our democracy is no greater than the collective well-being of our people. The vigor of our country is no stronger than the vitality and will of all our countrymen. The level of physical, mental, moral, and spiritual fitness of every American citizen must be our constant concern."

May I take this opportunity to thank the Superintendent, the superintending school committee, physicians, principals, teachers, guidance counselors and social worker for their co-operation and help.

Respectfully submitted,

HAZEL L. DROWN, R.N.
